WITH the banks stimulating Victory Bond sales today, the Orange county Truck train doing business at points visited and the balloon meetings proving successful, the loan situation seems a little more encouraging. Santa Ana's subscription at closing of banks last night was \$392,900 or 36 2-3 of her quota. The county has \$905,550 or 43.5 per cent subscribed. Garden Grove went over the top last night with sales of \$27,000 by the truck train.

Interest was considerably increased yesterday afternoon when the balloon company paraded Fourth street with a Pierce gun popping every few feet and an aeroplane flying overhead and the aviator performing daring stunts to the delight of the throngs that lined the principal thoroughfare of the city. A big crowd followed the balloon company back to the field and the meeting held immediately following produced results. The sales were equal to those of the airplane night meeting, \$10,000 being sold.

It was a great afternoon for the Whites. The Whites were it in the big doings at the balloon grounds. Boy Gets First Ride. Emrys White, 7-year-old son of Mr. and Mrs. E. B. White, today is some proud little fellow. He enjoys the distinction of being the first and only boy ever to have sailed away into the heavens in the basket of an army balloon. He made the ascension yesterday afternoon and it came as a reward for the purchase by his father of a \$1000 bond for him, the father having taken out a \$500 bond at the start of the meeting. Clarence Nisson was a strong competitor for the honor of riding in the basket of the gas bag, and bought a \$600 bond, which was the highest up to the time White subscribed for his son.

Louis Moulton of El Toro purchased the largest amount, but waived his right to the ride. He took \$3000. Master White was taken up 1500 feet and he enjoyed every moment of the trip. He did not get scared and while he was high in the air his father talked with him by phone. Lieut Riley went up with the boy, being the first pilot

WASHINGTON, May 1.—Samuel M. Rogers is director of the census and he is preparing now to put 90,000 enumerators at work in January taking the decennial census of the United States.

CABLES WILSON TO GET 5-CENT LOAF BACK

NEW YORK, May 1.—"Give us back our five-cent loaf," is the plea Mrs. Julian Heath, president of the National Housewives League, cables to President Wilson today.

Mrs. Heath, stating she spoke for the housewives of 70 per cent of the country's consumers, appealed for action to bring lower food prices.

"We must have lower prices," she told the United Press. "Mr. Hoover should use his hundred million dollar appropriation (to feed Europe) to bring down the price of bread in America."

Mrs. Heath's cablegram suggested that Wilson immediately authorize importation of Argentine and Canadian wheats to force down bread prices.

Her cable in part follows: "The housewives of 70 per cent of the consumers in this country, the remaining 30 per cent being farmers' wives, through the National Housewives League of the United States, appeal to you for immediate executive action at the coming sessions to reduce the cost of living through present prices of bread, meat and corn, which have become unbearable. Will you not use your unlimited power for good to put bread into the mouths of the people? Give us back our five-cent loaf and help suffering humanity now staggering under the cruel yoke of prohibitive prices of the bare necessities of life."

HUNT MAILS OF NATION FOR MORE BOMBS

Secret Service Men In Many Cities Examine Packages at Postoffices

BELIEVE MANUFACTURE PLACE FOUND IN EAST

Maid at Home of Senator Hardwick Is Injured By Explosion

NEW YORK, May 1.—Secret service agents all over the United States today searched the mails for bombs believed to have been sent prominent men through the mails.

Discovery of 17 infernal machines here, held up for insufficient stamps, exposed a plot which detectives assert aimed at the annihilation of some of the nation's biggest financiers and government officials in connection with a great May Day demonstration of Bolshevism.

Secret service men here were in touch with agents in scores of cities and towns where the mails were being carefully inspected for inoffensive looking little packages in department store wrappers sent from New York.

Inspector Faurot's famous New York police "bomb squad" has been hard at work for hours trying to locate the factory where the ingeniously constructed explosives were put together.

This place is believed to be on the west side of New York between 20th and 30th streets. The district is thus fixed by the police because the bombs, they say, were mailed from post boxes in that area.

Bomb Injures Maid Mail collectors have been questioned but so far none of them has been able to recollect having taken up the infernal machines on his rounds.

The bombs opened by officials have been found to contain very high explosives, and the ones received by Senator Hardwick of Georgia and by Representative Burnett of Alabama exploded with mangling force. The bomb sent Hardwick injured a colored maid, while Burnett's was set off by a policeman planting a bullet in it.

The fact that the bombs have been received at the offices of District Attorney Fickert of San Francisco and Mayor Ole Hanson of Seattle shows, police say, that they were thoroughly circulated all over the nation before the May Day plot came to light.

WASHINGTON, May 1.—Rev. E. M. Mowry, missionary to Korea, is now fighting against serving a sentence of six months in a Japanese prison on a charge of permitting Koreans to use his premises in preparing independence propaganda.

Rev. Mowry and his wife have been forced to stand trial without being permitted to retain an attorney, but since the trial an appeal has been taken and the minister has been released under heavy bail.

Rev. Mowry and his wife have been in Korea for some time. Their home is in Mansfield, Ohio. Because of the political nature of the charge against the minister, United States officials are likely to become interested in the matter.

NEW YORK, May 1.—Twenty-nine cars of oranges and 2 cars of lemons sold. Prices 10 to 20 cents lower on small sizes. Averages \$3.25 to \$5.70. Highest price, Golden Cross, \$6.35. Lemon market steady. Averages \$3 to 4.70. Weather rainy, 8 a. m. temperature, 49.

PARIS, May 1.—Many soldiers and civilians were injured here today in May Day anti-government celebrations. Disturbances began in the Place de la Concord and Place de la Republique.

Shortly afterwards a crowd attempted to rush the military line. It broke through a line of gendarmes and attacked a troop of cavalry. Numerous fights broke out between gendarmes and civilians when a red flag was unfurled. Crowds shouted "Down with Clemenceau, Vive Wilson, Vive America."

SACRAMENTO, May 1.—Frank A. Brush who wrecked the Santa Rosa National Bank was sentenced to serve 10 years in a federal penitentiary when he entered a plea of guilty before the U. S. district court today. He admitted misappropriating over \$200,000 of the bank funds.

PEACE MEETING WITH HUNS IS OPENED

VERSAILLES, May 1.—Peace negotiations with Germany were officially opened here at 3 o'clock this afternoon. Foreign Ministers Brockdorff-Rantzau and Herr Landsberg, the German delegates, handed their credentials to Jules Cambon, Henry White, and Japanese Ambassador Matsui, representing the Allies. The meeting lasted only five minutes.

FIRST EXECUTIVE MEETING OF NATIONS LEAGUE MONDAY

PARIS, May 1.—What in effect is the first meeting of the executive council of the League of Nations will be held Monday when the organization committee will take up certain preliminary work.

The organization committee comprises nine members selected by the nations which will compose the first executive council—the United States, Great Britain, France, Italy, Japan, Greece, Serbia, Belgium and Spain. Either President Wilson or Colonel House will represent the United States.

Among other things the committee will consider Switzerland's renewed plea for continued neutrality.

STABLE GOVERNMENTS ONLY TO JOIN LEAGUE OF NATIONS BY FRED S. FERGUSON

(United Press Staff Correspondent) PARIS, May 1.—Mexico and Costa Rica, like Russia, must demonstrate the stability of their government, as well as show they are ready to accept the principles of the League of Nations, before they are admitted to membership, it was learned today.

The United Press learned there is no significance in the failure to include Mexico among the neutrals invited to immediate membership beyond what shows on the face of the action.

SOLDIERS IN CLEVELAND BREAK UP RADICALS

Police, Armed With Clubs, Join In Street Fight; Several Shot

ARMY TANKS, TRUCKS SCATTER AGITATORS

Red Flags and Shouts Start Trouble; Men Trampled; Many In Hospitals

CLEVELAND, Ohio, May 1.—One person was killed, several were shot, over 100 were arrested and scores were sent to hospitals more or less seriously injured as the result of breaking up a radical May Day parade and mass meeting here late today. Among those arrested was C. E. Ruthenberg who had been a Socialist candidate for mayor.

The trouble began when one of many Red parades that were to converge at the public square for the mass meeting, reached a downtown corner. A part of the procession had passed the corner. Then came a delegation carrying red flags and shouting.

A dozen members of a group of soldiers dashed into the street and threw themselves at the paraders. A mounted police squad followed, charging the parade with drawn clubs.

Other soldiers and sailors jumped in. In a moment there were a hundred separate fights in progress. Men were trampled on the street, numbers having been clubbed over the head. Soldiers in army tanks and trucks rushed up and down the street clearing it of the remnants of the procession.

The Reds made their way to the public square where they joined several thousand troops who were gathered for the meeting.

The police cleared the square but in the meantime parades which had formed in other sections of the city began to arrive. These were broken up before they reached the square. After all the parades had been broken up and the police were guarding the square to see that no meeting was held, the Reds began gathering in groups on street corners.

Soldiers and sailors formed emergency companies, paraded the streets and rushed these groups breaking them up sometimes after bitter fights. Hundreds of civilians jumped into auto trucks and joined the soldiers in breaking up the groups.

A tank with half a dozen soldiers on top paraded the street and when the man at the wheel saw a crowd of reds he would head the tank for them.

Another crowd of soldiers and sailors rushed the Socialist hall.

CHICAGO POLICE ON GUARD TO PREVENT DEMONSTRATION CHICAGO, May 1.—Aroused by the excess of the nationwide bomb plot police and federal authorities here today took extraordinary precautions to quell violent demonstrations by the several hundred radicals gathered in Chicago for the May Day celebration.

Rifle squads and federal agents were placed at strategic points. Large numbers were held at police headquarters and other stations for quick movement to any part of the city.

I. W. W. leaders were again refused a permit to hold a great parade and any processions that may develop will be in defiance of the police. Measures have already been worked out to deal with the situation. Chief of Police Garrity said his men will see that no parade is held.

Several meetings were on in full blast in various parts of the city, with Seymour Steidman, Chicago attorney, Rose Pastor Stokes and other prominent Socialists, as chief speakers.

ing to information obtained today. The agreement reached between the Japanese delegates and the "Big Three" yesterday was outlined as follows:

Japan will surrender the Shantung peninsula, including the port of Kiaochow, to China. It will retain, however, rich economic interests on the peninsula and will have valuable possessions in the port of Tsingtao, twenty-five miles southeast of Kiaochow.

The Japanese immediately will withdraw their military forces from Shantung, which they have occupied since they seized that territory from the Germans. Safety of the railroads and mines there will be assured by the presence of Chinese police trained by the Japanese.

SEARCH MAILS TO FIND MORE BOMBS

(Continued from Page 1)

New York to be on guard for two packages believed to contain bombs addressed to Utah officials.

One was said to be addressed to Frank Netter, Salt Lake City, who prosecuted the I. W. W.'s in Chicago. Local officials immediately notified postal authorities in Council Bluffs, Iowa, to watch for the packages in the event they have already passed through Chicago.

BOMB OF SENATOR OVERMAN FOUND AT SALISBURY, N. C.

WASHINGTON, May 1.—The postmaster at Salisbury, N. C., today wired postoffice officials that he had discovered a bomb in the mails there addressed to United States Senator Lee Overman.

SAN FRANCISCO, May 1.—Inquiries in several coast cities today had not disclosed additional bombs like those sent Mayor Hanson at Seattle and District Attorney Fickert and his assistant here.

Postal authorities hoped the coast already had received its quota but were exercising great care in handling parcels. The bombs already found on the coast were mailed from New York several days earlier than the ones stopped in the New York postoffice.

WIRE SAYS AGREEMENT PLEASES JAPS, WILSON

SAN FRANCISCO, May 1.—Both President Wilson and the Japanese delegates to the peace conference are "fully satisfied" with the agreement reached yesterday in Paris on the Chino-Jap territorial controversy, according to a Japanese radiogram forwarded to Tokyo today by the United Press.

The wireless, which was sent via San Francisco, originated with S. Uyeda, general manager of Nippon-Dempo, the big Japanese news agency, who is in Paris for his service.

His radiogram declared that the "Big Three" agreed to insert all of Japan's claims regarding Kia Chao in the peace treaty.

PARIS DEMONSTRATION IS STOPPED BY RAIN

PARIS, May 1.—A drenching rain early today caused temporary postponement of May Day demonstrations planned by radical laborites.

Precautionary measures by the government to enforce its order against demonstrations which the extremists have threatened were veiled in secrecy but it was said the force of gasmen had been increased.

Business was practically at a standstill today as the workers of Paris celebrated Labor Day. Transportation was completely tied up. Even the newspapers failed to publish.

WOMEN DOING WAR WORK

During the war women were called into almost every vocation in life, and right well did they assume the responsibilities and fill such positions. In many instances, however, their strength has been overtaxed, and such ailments as are peculiar to their sex have fastened themselves upon them. Such women should remember there is a tried and true remedy for their troubles in Lydia E. Pinkham's Vegetable Compound, which for more than three generations has been relieving the women of America from some of the worst forms of female ills.—Advertisement.

HIGHER PHONE RATES GO IN EFFECT

Residence, Business Charges Are Increased By New Order

(Continued from Page 1)

remains to be seen.

Orange, Tustin, Garden Grove, and Smelter have been operating with Santa Ana as free toll zones. The interests of all these communities are closely allied, and the extra charge for switching will be a severe burden. The service rendered to subscribers by each of the exchanges will be reduced in some instances as much as 90 per cent. In these communities the subscribers will be paying the same for their phones, with their calls limited to the subscribers within the exchange, as when they had switching privileges with the subscribers of all the other exchanges.

They will be paying the same price for ten per cent of the service they had heretofore.

Many Calls About Water.

The headquarters of the Santa Ana Valley Irrigation company is located at Orange. The company serves practically every district lying south and east of the Santa Ana river from Olive to a line south of Santa Ana. Applications for water, information as to dates when water will arrive at certain points, instructions to the zanjeros all practically have to go through the Orange exchange, and subscribers outside the Orange exchange will have to pay the toll.

The new order will cost the users of water many hundreds of dollars a month if they use the phone in the future as they have in the past. It may necessitate the company putting on more zanjeros to handle the business.

Headquarters of the Orange County Fruit Exchange is also located at Orange. Every citrus association south and east of the Santa Ana river is identified with the exchange. Hundreds of dollars will be collected from growers who have occasion frequently to call into the exchange headquarters for necessary information as to picking and marketing.

The jump in rates for local phones also is a pretty stiff one, and is made uniform throughout the country. Here is what they are for Santa Ana, with tariffs different in other exchanges in the county:

Business—Individual line, wall phone, new rate \$4 per month, old rate \$2.50; two-party, \$3.50, against \$2.00; 25 cents addition for desk phones. The business extension phone remains the same, \$1 per month.

Residence—Wall, individual, \$2.75, against \$2.00; two-party line, \$2.25, against \$1.75; four-party, \$2.20 against \$1.50. An additional charge of 25 cents is added for desk instruments.

Suburban—Wall, \$3.00, against \$2.50. Same extra charge for desk.

Tolls between exchanges will be 10 cents between Garden Grove, Tustin, Smelter; all other exchanges within the former free toll zones out of Santa Ana is 5 cents. Garden Grove and Anaheim have a 5-cent rate.

J. A. Lynch, assistant superintendent of the company, was in Santa Ana today, looking over the field. A great deal of work has developed at the local office in answering questions of local subscribers. Threats are heard on every hand that phones will be removed.

"I don't think the people of Santa Ana, or of any section of the state or nation are asking charity—that a service be rendered them at less than actual cost," said Lynch today.

"Between 1913 and 1918 commodities increased 112 per cent and wages went up 72 per cent, while the telephone rates throughout the nation have increased only 4 per cent. The business is under the operation of the federal government, and we have nothing to do but to follow orders issued by our superiors."

Tustin Folks to Quit

A lot of telephone subscribers at Tustin are going to order their telephones out. Some of them turned in their orders today.

"I ordered my phone out this morning," said L. H. Hill, orchardist, on East Seventeenth street. "I have been paying \$2.25 a month for it, and this extra charge for talking to Santa Ana and Orange would run my bill up to \$4.00 or \$5.00 a month, if we used it as often as we have been using it. We do all of our business with Santa Ana and Orange. Several of the neighbors say they won't stand for any such outrageous condition. We can get along without telephones, and we will until this matter is put upon a fair basis. Albert Finley, for instance, told me that he wouldn't give two-bits a month for his telephone unless he could reach Santa Ana and Orange free. That is the way we all feel. I expect to see the Tustin telephone exchange very nearly denuded of phones."

If you desire to look your best, Sutorium cleaning will do the rest. Call 279. 421 North Main.

Conner's Check Was Good, Clerk's Error Caused the Trouble

Because his name when written out bears a close resemblance to Comer, T. E. Conner was put into an embarrassing position for a day or two. In the recent consolidation of two local banks, Conner's account was transferred from one bank to the other, and in some way the account went down on the books as Comer. Along came a check given by T. E. Conner to James McFadden's foreman in payment for a load of hay. There appeared to be no money to Conner's credit, and unfortunately the error resulted in the issuance of a complaint for Conner's arrest. Explanations were soon made, and the case was dismissed. Conner's check, of course, was absolutely good.

Speeders Again Out In Force; Fines In April Totaled \$804

Hist! They're speeding again. During the past several months it has seemed that people were learning that they must keep within the speed limit in Orange county, and total fines collected by Justice Cox were much lower than formerly. In fact, it seemed that the Motorcop-Cox combination was making the roads safe for the public. But now this is all off, and it seems there is a new crop of auto drivers out who must be taught to respect the speed limits, and they are starting to learn as shown by the fact that fines for traffic violations in Cox' court in April totaled \$804, a larger sum than for many previous months.

CAN'T COLLECT BILL BY FORCE, IS RULING

It is unlawful to attempt to collect a garage bill by force, and those making such attempt are guilty of battery, according to the decision of Justice J. B. Cox, who today found George Esmay and Owen Fortson of Fuller-ton guilty of battery upon the person of C. C. Triplett. A \$10 fine was assessed in each case, which was paid by Lillian Yeager, also a defendant, who was found not guilty. Testimony was to the effect that the defendants attempted to hold Triplett's car for his garage bill, and that Miss Yeager took the key to the car, also that Esmay and Fortson used force and violence upon Triplett, who, however, managed to start his car and drove away. Later through a civil suit the garage bill was paid. Attorney H. D. Thuermer represented the defendants, with Deputy District Attorney W. F. Menton acting for the people.

JAP STRONG MAN IN JUSTICE COX'S COURT

H. Toyoda, Japanese strong man, appeared in Justice Cox' court yesterday afternoon as a result of refereeing a wrestling bout last Sunday at a Japanese picnic, when it is alleged he turned in and knocked down ten of the spectators. Another conference is set for Saturday, when Toyoda and the Japs who were knocked down will talk it over before proceeding with the battery charge. Although Toyoda put a quietus on disparaging remarks, the spectators made as a result of his decisions as referee, he himself did not escape unscathed and was kept under a physician's care for several days following the encounter.

MISS CLEMENT BACK IN L. A. WEST'S OFFICE

Miss Corinne Clement was back at her old position as stenographer for District Attorney L. A. West today, following a considerable absence during which she was an attache in the state assembly at Sacramento. Miss Juanita Snyder, who has been temporarily filling her position, today took up her new duties in the county recorder's office.

BATTERY CHARGE IS DISMISSED BY JAPS

The battery charge preferred by various Japanese against H. Toyoda, Jap strong man and referee at a wrestling bout Sunday, was dismissed in Justice court today, upon consent of those whom Toyoda knocked down when they didn't like his decisions. Toyoda himself was considerably battered up during the melee, and after a conference the Japanese decided it best that the charge be dropped.

OLIVE SCHOOL BONDS DELIVERED TO BUYER

Fifteen thousand dollars' worth of bonds of the Olive school district were signed today, sealed and delivered to the buyers, the Wm. R. Staats Company of Los Angeles. The bonds bear 6 per cent interest. The bonds were voted for the purpose of erecting a modern school building at Olive.

Stop Itching Skin

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, acne, and similar skin troubles will disappear. A little Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy. The E. W. Rose Co., Cleveland, O.

ELECTION BOARD MEMBERS SOON BE CHOSEN

Supervisors Meet Monday to Arrange List of Applicants; Decision Tuesday

Members of election boards for the \$500,000 county harbor bond election on June 10 will likely be chosen by the supervisors at their regular meeting next Tuesday, May 6, when the election proclamation is issued. On Monday the supervisors will hold an adjourned meeting, when all applications for positions on the election boards will be considered and arranged in lists as required by law, so that on Tuesday everything will be ready for the official action. The harbor bonds will bear 5 per cent interest and will be retired in twenty-five years, at the rate of \$20,000 a year, according to plans already outlined. The number of city precincts has been reduced in order to lessen the cost of the election.

COURTHOUSE NOTES

William C. Moore pleaded not guilty to disturbing the peace, and his trial was set for May 8 at 2 p. m. He was charged with creating a disturbance at the Theodore Morris home, 1505 East Seventeenth street.

John Knox, 1628 Spurgeon, and Joseph H. Stout, 839 North Broadway, have filed certificate that they are a co-partnership, "Knox and Stout," doing business at 520-22 North Main street.

The estate of George Buchmiller, consisting of cash and Liberty bonds, has been appraised at \$8455.37. Solon Dove, G. W. Wells and J. N. Anderson have appraised the estate of Lucy A. Sloan, deceased, at \$8335. It consists of property at Yorba Linda. The estate of Ferdinand Delilth has been appraised at \$2500.

Trinidad Morales, represented by Attorney Leonard Evans, has filed suit against H. J. Angell et al, seeking to quiet title to Anaheim property.

W. B. Woodrough of Harper was today appointed a deputy voter registration clerk.

Order to enter default in the case of Maud W. Kellerman vs. James M. Kellerman was filed today.

QUEER-ACTING MAN TAKEN INTO CUSTODY

Wearing three pairs of trousers, two coats, and an overcoat, a man giving his name as W. E. Deprich was taken into custody by Orange city officers last night. He had gone to the home of Rev. T. W. Oran, asked for something to eat, and while it was being prepared he took \$1.25 from his own pockets and placed the money on a corner shelf. The man said he had suffered a sunstroke while in the San Joaquin Valley last year, and this, it is thought, might have affected his mind.

All soldiers and High School Cadets in uniform will be admitted to the Elks Minstrels tonight for 50 cents each.

DR. CARL C. SUTTON OPENS OFFICE HERE

Dr. Carl C. Sutton, osteopathic physician and surgeon, has just opened offices in Rooms 301-302 W. H. Spurgeon building. Dr. Sutton comes from Vancouver, where he was in the army hospital service for several months. He was a schoolmate and personal friend of Dr. C. V. Billingsley, whose death from influenza a few months ago was widely mourned.

DANCE TONIGHT FOR BALLOON CO. BOYS

The Liberty Loan committee tonight will give a complimentary dance to the boys of the balloon company which has been in the city for two days. A. G. Flagg will be in charge and has engaged a four-piece jazz orchestra to furnish the music. The dance will be at Elks' Hall. Only men in uniform will be admitted, and there will be no charge. Local and visiting boys who were in the service will be admitted if they wear their uniforms. Girls of the city are invited to attend in order that the visiting men might have the privilege of meeting them and of enjoying the delights of a whirl on the ball room floor.

PRINTERS WALK OUT TYING UP NEWSPAPERS

ALBANY, N. Y., May 1.—The newspapers of Albany were tied up today when journeymen printers walked out, striking for higher wages. The morning papers appeared as usual, but there will be no editions tomorrow unless an agreement is reached today.

ORLANDO TO WAIT FOR NEW CONFERENCE PLAN

LONDON, May 1.—A news agency despatch from Rome today quoted the Spoca as declaring that Premier Orlando and Foreign Minister Sonnino will remain there "until the Allies are officially disposed to confer with Italy on a new basis."

Stolen Uniform of Anaheim Marshal Is Found In This City

With the first day of May adding to the costs of clothes by reason of the government tax, City Marshal J. A. Woods of Anaheim today is a lucky man, and it probably will be some time before he will have to "cough up" the tax for a new uniform.

A uniform stolen from his home some two months ago was recovered this morning in this city. It was found at the Zerman warehouse on the Santa Fe tracks, where it evidently had been placed by the thief who entered the city marshal's residence and carried away the uniform, another suit of clothes and other articles of value.

The thief evidently didn't take to the idea of masquerading as a policeman and he tucked the suit away in a place where it would not be readily discovered.

It was brought to light while J. B. Wine and W. A. Carpenter, employed by Zerman, were cleaning out the warehouse this morning. It had been hidden in an air vent in the northeast part of the building and was found when they lifted the heavy screen to clear the accumulations from the hole.

The uniform was turned over to City Marshal Sam Jerigan, who advised the Anaheim marshal of the recovery of his lost apparel indicating authority.

RECEIVES COPY OF MEMORIAL PROGRAM

A memorial card and program of a memorial service held in Westminster Abbey April 4 at 12 noon for the officers and men of the United States army and navy who fell in the war, has been received by Mrs. O. B. Byram of Westminster. They were sent by Herman D. Pettit, Occidental graduate and friend of Carrol Byram, who was killed in a railway accident in France. Pettit was with the Fourth division and is now attending New College, a part of the University of London.

The memorial service, Pettit wrote, was very impressive and beautiful and the pipe organ was wonderful. The program included pipe organ numbers, hymns, prayers, anthems, the British and American national anthems, "The Last Post," a bugle call which rang and resounded through the columns and arches of the Abbey, and short address by the dean.

The dean's address was as follows: "Let us now unite in thanking God for those of our brothers of the great American republic who have laid down their lives in a sacred and righteous cause. Their deaths have sealed the unwritten but inviolable covenant of our common brotherhood. Their deaths have laid the enduring foundations of the world's hope for future peace. For their sakes we raise this day our proud Thanksgiving in the great Abbey which enshrines the illustrious dust of the makers of the English-speaking peoples. Let us render our humble and joyful praise to Almighty God that in their response to the clarion call of freedom and of justice the two commonwealths have not been divided."

"Nor have our American brothers laid down their lives in vain. They came in their hundreds of thousands from the other side of the Atlantic to vindicate the cause of an outraged humanity and a menaced liberty. The free will offering of their sacrifice has been accepted. They have received their summons to the task of some other and higher phase in the life of heavenly citizenship."

"May America and Great Britain go forward, charged with the privilege of a common stewardship for the liberties of mankind! May the glorious witness of these brave lives, whom we commemorate today, enrich us, whose course on earth is not yet run, with the inspiring vision of the sanctity and self-abnegation of true patriotism! The warfare against the countless forms of violence, injustice, and falsehood will never cease; may the example of our brothers exalt and purify our aims!"

IT'S WEAR LIKE THIS THAT CUTS YOUR SHOE EXPENSE

Stepping on small pieces of hot metal, walking on sharp chips of steel, standing in hot sand—these, and other harsh conditions of walking surfaces, in a steel plant, have no apparent effect on Neolin Soles. So says R. J. Doty, plant superintendent of the Silver Steel Casting Company, Milwaukee, Wisconsin.

The best oak tanned leather soles last about three weeks under the abuses given them in the foundry, while I have been wearing a pair of Neolin Soles for more than three months. And to all appearances, they are as stout as when first put on my shoes," says Mr. Doty.

Only Neolin Soles can resist wear and abuse like this. They are created by Science to be very tough and durable—flexible and waterproof, too. To reduce your own shoe expense, and to cut the family shoe bills, buy Neolin-soled shoes. You can get them in many styles for men, women, and children.

And have your worn shoes re-battered with Neolin Soles. These long-wearing soles are manufactured by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outlast all other heels.

PEACE FLAGS

Everybody should have his peace
flag ready for the glad day when the
peace terms are signed.

The peace flag is made by putting
around all four sides of any flag a bor-
der of white. On the American flag
the border should equal four stripes
in width.

This use of an emblem signifying a
nation at peace with the world is not
confined to the United States alone.
Before the war forty-five nations dis-
played flags of this type at the Stock-
holm Peace Conference.

One of the most famous occasions
on which the American flag was dis-
played thus bordered was when the
first ship, the Cristobal, sailed
through the Panama Canal.

The idea is a beautiful one, and be-
the flag large or small, every home
and public building should have one
prepared for display on the Day of
Days.

OPEN DIPLOMACY

Premier Orlando was offended not
so much by what President Wilson
said about Italy's claims as by the
fact that he said it right out in public.

It was an "address to nations out-
side of the governments which repre-
sent them." And this thing of "ad-
dressing nations directly," complained
Orlando, "surely constitutes an innova-
tion in international relations."

It surely does. And Americans,
whatever their attitude toward Presi-
dent Wilson may be, feel like thank-
ing God for it. Here at last is "open
diplomacy," of a sort which the world
expected from the Paris Peace Con-
ference, and which until now it has
not obtained.

The Italian controversy is dragged
into the light of day instead of being
hushed up and glossed over President
Wilson, unable to break the deadlock
with the Italian government, appeals
over its head to the Italian people,
and at the same time to the people
of his own country and every other
country concerned. Premier Orlando
is compelled to reply in like manner.

It hardly seems possible that the
Italian public has really understood
the issues involved, the selfish nature
of the claims made in their behalf,
and their inconsistency with the pro-
fessions of the Allies and the general
Peace Conference program. The car-
rying of the argument into the news-
papers should prove illuminating to
them, and the influence of public
opinion in other lands is bound to
make itself felt. The Allied nations,
who are a great deal more important
than the statesmen representing them,
and who, as the President has often
said, are the real masters of the Peace
Conference, were let into the game.

Most of the big troubles of this
conference have resulted from its
weak reversion to the secret diplo-
macy of old. Let us hope that Premier
Orlando is right when he expresses
the fear that "this new custom con-
stitutes the granting to nations of
larger participation in international
questions," and that such participa-
tion will be "the harbinger of a new
order of things."

For America is not afraid of this
new, crude, democratic diplomacy.
America wants it, and Americans are
satisfied that only by such open deal-
ing can the affairs of the tangled
world be straightened out.

CURRENT EVENTS

The high school teachers of Wash-
ington, D. C., have been forbidden by
the board of education to discuss Bol-
shevism, the League of Nations and
"other heresies."

Possibly that is an unfair way of
putting it. But that is what it amounts
to. The superintendent of schools, acting
under instruction from the board,
issued orders that the teachers in
their "current events" classes were to
omit "Bolshevism and other heresies,"
and then, when they asked for more
particulars he passed the word around
that the League of Nations was ver-
boten.

The whole thing seems to have
grown out of a discussion of Bol-
shevism by one of the teachers in
which she showed a considerable
knowledge of the subject, but made
one or two comments that were either
not entirely accurate or else misun-
derstood by the pupils who reported
them. She was punished by a week's
suspension, and was told in a letter,
"The board took this action because
of your attempt to touch on and in-
terpret certain economic and social

subjects in which you were clearly an
amateur."

Now, those high school teachers
are required to teach "current events."
And current events, according to the
usual acceptance of the term, include
a great many things. The natural con-
clusion seems to be that the teachers
are not to discuss any subject in
which they are not recognized ex-
perts. And accordingly they are ask-
ing themselves whether they can dis-
cuss anything at all that is of present
interest to the world.

Even if the ban is restricted, how-
ever, to the two subjects specifically
mentioned, it is a surprising situation.
"Current events" classes, of course,
are news classes. And why discuss
news at all if they cannot discuss
the two biggest things in the current
news?

A question asked by the New Re-
public is very much to the point: "Is
there anything to be gained by curing
American illiteracy, if American chil-
dren as soon as they can read are
to be given over to the care of such
people as the members of the board
of education of Washington, D. C.?"

CARDINAL MERCIER

Cardinal Mercier, it is reported, will
visit the United States. He wishes
to come in person to express the
thanks of his people for what America
has done for them. He will probably
be surprised when he does come, for
like all heroes, he does not know he
is one, and doubtless the enthusiastic
American expression of admiration
for him and the brave people whom
he represents will make him open his
wise old eyes.

In speaking of his proposed visit
the New York Times says:

"He will find himself one to whom
thanks will be offered. America owes
him its share of the debt which all
mankind owes him as one who showed
the world its way. His was one of
the most potent voices in the world's
awakening."

Truly, there is no city or town of
all our country which would not feel
itself proud to harbor as its guest
this brave old Belgian priest who
boldly rebuked the assaulting Ger-
mans, and allowed neither fear nor
danger to interfere with his ministry
to his people, nor his lifting his voice
to the world.

The basic requisite for money is
precisely the same as the basic re-
quisite for business and for human char-
acter. It is honesty. Anything that
purports to be money—a form of
wealth exchangeable for other forms
of wealth—must be precisely what it
says it is. And money, for this very
reason, is a good criterion of national
character. If you want to know whether
a nation or a government is
straight and dependable, look at the
market value of its money. Ours
stands the test.

With a county Sunday school con-
vention just closing, a Southern Cali-
fornia Baptist Young People's con-
vention starting tomorrow, and the
G. A. R. preparing for a California-
Nevada encampment the middle of
this month, the fact that Santa Ana
needs an auditorium is brought force-
fully to our attention.

For Highways

San Bernardino Sun

Californians are offered the oppor-
tunity of ordering \$40,000,000 worth of
additional highways. It is certainly
the day of big things. The state origi-
nally issued \$18,000,000 in highway
bonds, and we thought the amount
enough to pave every by-path in the
state. Then we voted \$15,000,000 more,
and we were sure of it. Now the legis-
lature submits a new bond issue for
\$40,000,000, which is to be supple-
mented in large part by the federal
government, which has finally hit its
stride in national road building. San
Bernardino county is itself to benefit
by the government's policy, for the
latter will contribute largely to the
highway which will lead from Needles
into Southern California.

The general government will have
something like \$170,000,000 available
for road building July 1. This is of-
fered on a fifty-fifty basis. That is to
say, on such roads as it approves, the
government will pay half the expense
of construction. The state's appropri-
ation for the Needles-to-Barstow, Mo-
jave and Summit highway is on that
basis.

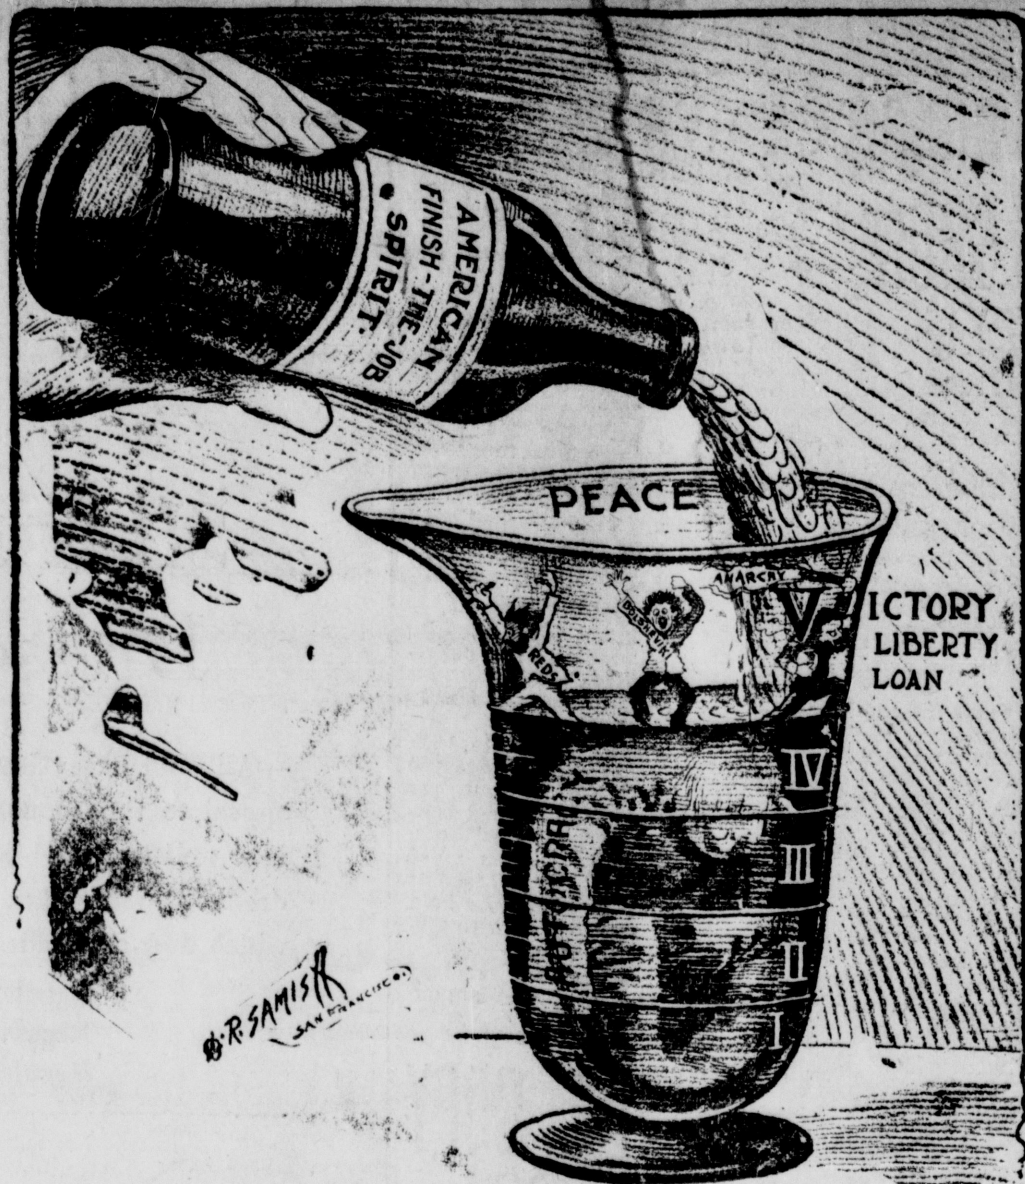

The state bond election will be held
July 1. The purpose is to hasten it,
to the end that the money may be
speedily available to create employ-
ment for labor at the same time it
builds roads for the state. We're for
it. So is everybody else who looks
forward and is willing to help.

DROWN THE

THE HILL, THE HORSE * and the * Victory Loan

A Victory Loan Fable by Clarence Day, Jr. in Metropolitan Magazine.

The horses were pulling their load up the hill.
It was heavy as lead but they pulled with a will.
Till, what do you think, when they sighted the top,
One of the horses he wanted to stop.

Wanted to stop?
Yes, said he must stop!
"Hold on, you fellows, I'm going to flop."

He explained that the hill was excessively steep.
And he felt rather lame, and his breathing was deep.
And he'd done all he could, he was simply all in,
So now he would have to let others begin.

"Others begin?"
Yes, let others begin!
"But there aren't any others!" they said with a grin.

"We've all of us pulled all the way up the hill,
And we all of us feel it's an effort,—but still,
Heavens and earth! are we going to stop
Just at the end, when we're nearing the top?"

Right at the top,
And you're going to stop?
It's a poor time to quit when you're nearing the top."

*Our load isn't heavy, I think you will find,
And our hill has been short, and it hasn't been steep
Compared to the French or the Belgian kind!
We ought to be thankful we got off so cheap.
No pillage, no ruin, no homes in a heap,
Shall we show we are thankful for getting off cheap?*

Stories Salvaged From the Street Shop and Fireside

By Members of the Register Staff

MIT PHILLIPS HAS SCARE AT RELIEF SPRINGS

John Cubbon today is home from
Relief Springs, near San Jacinto,
where he and Ed Parker passed a
few days. They were joined there
by Mit Phillips, J. W. Norton and G.
W. Minter. The last three named are
still there.

Cubbon is telling the story of a
scare Mit had just before Cubbon
and Parker left for home.

Mit, with others, had been out on
a brief hike in the mountains. Upon
his return he discovered a big lump
on one of his legs.

Had he been bitten by a rattlesnake?
If so, Mit didn't feel the
sting at the time.

"By George, boys, a rattler got me,
I believe," cried Mit when he made
the discovery.

He immediately called in the camp
physician. The M. D. was unable to
tell whether the swelling was the re-
sult of a snake bite or not. Mit was
wild. He thought of the things he
had done in this world—the good
that he should have done but didn't.
He thought of things that he had
done that he shouldn't have done. It
wasn't all a rosy picture.

Application of liniment and sev-
eral massages reduced the swelling.
Al and Mit came back to life. He re-

sumed meditation of the present and
cast aside thoughts of the past and
the future.

He was put to bed and remained
there until the following morning. A
red spot had supplanted the swelling
and again Mit was perturbed. Again
he visited the doctor. He was re-
lieved when informed that the spot
was the result of the use of liniment.
Once more his mind was at rest and
when Cubbon and Parker took their
departure from camp Mit was there
with his big laugh and hearty good-
bye.

Minter, Phillips and Norton will re-
turn in a few days.

"That swelled spot sure had Mit
going for a time," declared Cubbon
this morning, "and he was scared.
The doubt as to the cause made it all
the more disturbing. The physician
finally came to the conclusion that
Mit had been bitten by a spider."

CLIMATE CAUSES HIM TO GAIN IN HEIGHT

Sol Smith is satisfied with Santa
Ana. He finds it a much more de-
lightful place to live in than Los An-
geles or New York. He has tried
both. Sol Smith is a young man who
is employed at the Western Union
office.

He takes his typewriter (machine)
on his lap and shoots this at J. C.
Metzgar, secretary of the Chamber
of Commerce, as an expression of his
appreciation of Santa Ana:

"I am writing this letter to show
you how much I appreciate this won-
derful little city of magic. I left
New York about eight months ago to
settle in Santa Ana. At first I did not
like it very much, for I longed for
the excitement of the larger city. I
lived here for three months and then
thought I would try Los Angeles. I
went to the Angel City. I discovered
that living in a large city is not
worth while. My three months res-
idence here unfolded this to me. Al-
though Los Angeles cannot be com-

pared with New York in the point of
climate, it did not agree with me
there.

"We all know that most good
things come in small packages, and I
concluded that the smaller city was
the better place for me.

"Now for the magic part of Santa
Ana. When I left the city of New
York I weighed seventy pounds and
was four feet nine and a half inches
tall. Now I weigh 137 pounds and
am five feet four and a half inches
tall.

"This is wonderful. If I lived in
the east and someone should tell me
of the wonderful effect this city and
climate has on one, I sure would hit
for Santa Ana. With you people
here holding out your hand and of-
fering good health free, and the most
enriching surroundings imaginable, I
am unable to understand why the
people of the east do not flock here
in droves to avail themselves of
homes.

"I am particularly pleased to state
that nearly all of my relatives are
coming to Southern California to lo-
cate.

"Should I start to tell you in full
what I think of your little city, I
would never finish, so I guess I will
close by hoping that some people
who read this letter will write to
their weak and sick friends telling
of my experience."

TO THE MOCKING BIRD

Through dark of night beneath the starry sky.
All through the long and quiet hours of sleep;
To restless bed worn sick, or they who by
Them sit and watch, and those that sadly weep
O'er some hid woe, and cannot close their eyes
To bring sweet rest; there comes the trilling long
And vibrant, mellow warbling liquid song.
Of mocking bird from treetops near the skies.
The gladness burst of song, oft and anon
Throughout the gloomy hours beneath the veil.
The hearts of many sad or worn cheer on.
To face the cares and toils of life; not pale,
Nor weak, but strong and brave; to grow in love,
Beyond the earth, to be like Him above.
—Robert A. Haven.

Woman's Club Social Day

One of the most colorful affairs, in point of decorations, was the afternoon social day of the Woman's Club, at which Mrs. Henry Diers entertained on Tuesday. Vari-colored roses, spirea and sweet peas were profusely used in decorating the handsome home and the floral springtime note was reflected in the gowns worn by many of the guests.

A contest of states afforded pleasurable entertainment, and Mrs. Annie Lammie received the bouquet of roses for the efficiency test, the president, Mrs. R. Ruth Tiffany, making the presentation.

Mrs. Finney read a very pleasing chapter from the novel, "From a Far Country." "Smile Flowers" was the optimistic little poem that Mrs. Diers presented in happy vein. Mrs. H. Clay Kellogg recited "The Rambler" in her usual entertaining manner. Will Irvin's poem, "Elizabeth Ford," was the witty number, given by Mrs. Mills.

Choice selections were played on the graphophone and "America" was sung in unison.

The club accepted with thanks the kind invitation of Mrs. Ann Vandermay to hold the annual June outing at her cottage at Balboa.

Mrs. Diers served delicious home-made coffee-cake, sugared walnuts and coffee. Mesdames Ey, Kryhl, Stanley and McCame assisted with the serving. Mrs. Zinn and Mrs. Griffith were welcome guests.

Oregon Picnic Saturday

A big jolly picnic reunion is in store for all former residents of Oregon, who are now in California, at Sycamore Grove Park, Los Angeles, all day Saturday, May 3rd.

County registers all day, basket dinners, hot coffee, souvenir badges, informal program, jolly social. Meet the old home state friends again.

Arkansas Re-Union

All the people from the apple blossom state are urged to meet in Sycamore Grove Park, Los Angeles, Saturday, May 3rd, for the annual picnic. President Dan Trundle will have a good program, there will be county registers, hot coffee, souvenir badges, basket dinners. Do not miss the chance to meet old friends from Arkansas.

Royal Neighbors Meet

The Royal Neighbors met yesterday afternoon with Mrs. Frankie Ewing on Halesworth street, the house being bright with roses in tin receptacles in honor of Mr. and Mrs. Ewing's tenth wedding anniversary.

The word "anniversary" was given the Neighbors to make as many words as possible and not until then did Mrs. Ewing's secret leak out, and she was showered with hearty congratulations. Mrs. R. L. Sweet won the prize, a bouquet of roses.

Fancy work and social chat passed the time and appetizing refreshments were served.

D. A. R. at Laguna

Miss Katherine Edwards will be hostess to Santa Ana chapter, D. A. R., Saturday, May 3, at her Laguna Beach cottage. Members are asked to be at the city hall at 11 a. m., where there will be transportation for all and each one is asked to provide just one article for the surprise luncheon, which will be a feature of the day.

Announcement of Wedding

Friends of Miss Josephine Mottz and Ashby Turner are receiving announcements of their marriage, which occurred yesterday in Los Angeles. Miss Mottz is well known here, having spent much of her time the past few years here and in Los Angeles. Her many friends will be delighted to have her as a permanent resident. Mr. Turner has lived here many years and is a well known real estate dealer. Mrs. Turner is the daughter of Mrs. Peter Mottz.

Sunshine Society Meets Tomorrow

The regular meeting of the Sunshine society will be held with Mrs. C. M. Rowland at 706 South Birch St. tomorrow at 2:30 p. m. All members are expected to be present, as plans for the annual picnic will be made.

Luncheon for District Officers

Mrs. P. A. Robinson of East Washington avenue was hostess yesterday to the officers of the San Diego district of the Woman's Home Missionary society of the First Methodist church, the gathering being for the purpose of making plans for the district convention to be held at the First Methodist church at Fullerton on June 5 and 6.

The luncheon table was made beautiful with bouquets of Cecile Brunner roses and maiden hair fern in crystal vases and the delectable menu was served in three courses.

Covers were laid for the following: Mrs. S. V. Pruitt, district president; Mrs. R. F. Fitts, Mrs. Andres and Mrs. F. R. Monroe of Garden Grove; Mrs. C. C. Smith of Fullerton; Mrs. V. W. Roberts of Orange; Mrs. C. V. Berger of Anaheim; Mrs. John Oliver, Mrs. F. W. Wieseman and Mrs. C. W. Burns of Santa Ana.

Pleasant One O'clock Luncheon

Mrs. F. C. Rowland was the charming hostess at one o'clock luncheon yesterday, honoring Mrs. Frank L. Worden, who leaves soon for Washington to make her home.

The table was beautiful with its bright little French nosegays in varied colors and the place cards showed small boys carrying suit cases. After doing full justice to the delicious menu, the guests enjoyed fancy work and jolly chat.

The invited guests included the honoree, Mmes. H. T. Trueblood, Geo. Balderston, Patterson, M. B. Lacy, P. L. Tople and C. F. Crose and Miss Martha Whitson.

News Briefs of City and County

Miss Pauline Parsons today received word of the death in Warnock, Ohio, of Mrs. Robert Warnock, formerly Miss Ada Elder, for many years a popular teacher in the Tustin schools. Interment is to take place in Marissa, Ohio, where Mrs. Warnock was born and was married. She died April 23.

Factories Will Be Available When Harbor Improved

Anaheim Postmaster Points to Possibilities If County Bonds Carry

Postmaster Fred Ahlborn of Anaheim has been one of the consistent boosters for Orange county's harbor, for he is fully alive to the possibilities of the development of industries in all sections of the county as the result of establishment of a harbor at Newport Bay. He has had experience as secretary of the Anaheim Board of Trade, when many opportunities were presented that city for acquiring manufacturing enterprises that were lost because terminal rates were not available.

Postmaster Fred Ahlborn of Anaheim is an ardent booster for the harbor.

"Every live community in Orange county is interested in terminal rates," he declared. "Without terminal rates it will be impossible to get manufacturing enterprises in Anaheim or any other place in Orange county, where such enterprises have to come into competition with terminal rates available at Los Angeles and San Pedro."

"I know this from experience. When I was secretary of the Board of Trade we had many opportunities to locate factories here and we lost them because we did not have terminal rates. I believe if we get the harbor and terminal rates every section of the county will benefit by the location of manufacturing enterprises. Living and labor conditions in the smaller community are superior to those in the larger, and given an equal chance with Los Angeles and other Southern California cities having terminal rates, the county will get her share of the new industries that are seeking openings in Southern California."

As illustrative of the saving in freight rates as between terminal and non-terminal rates, regardless of water rates, J. A. Arnitz said that the difference in rates between Los Angeles and Brea on oil well casing was \$11.300 for that year. During that year only sixty-seven new wells were started. The difference in the rate is 5 cents per 100 pounds, which under present operations in the oil fields means a big extra cost. In staples consumed by the general public Orange county residents had to pay \$62,400 more than Los Angeles residents had to pay for the same amount. Other items were enumerated to show the many thousands of dollars that would be saved to the people of Orange county by the institution of a harbor and the securing of terminal rates.

He declared that orange shipments by water are increasing and expressed the belief that in time shipment by water would be a large volume. The rate to eastern points is \$1.25, by water to eastern harbors 65 cents.

T. B. Talbert, chairman of the Board of Supervisors, said that the small tax on the bonds would not be felt, and that in time it would be more than offset by increased valuations at the harbor, through advance of land values and the establishment of industrial plants. The tax on the \$100 valuation will be 5 cents the first year with gradual reductions as the bonds are retired. The assessed valuation this year is close to \$100,000,000.

Story Told By Chief Butler Aids Mayor

Woodman Bribery Trial Is Expected to Reach Jury Tomorrow Night

LOS ANGELES, May 1.—Chief of Police Butler gave valuable testimony in behalf of Mayor Woodman at today's session of Mayor Woodman's trial.

The chief testified that it was Captain of Police Murray who actually appointed Sergeant Hackett to the police jury squad and that Murray acted with his approval. Butler denied he named Hackett at the mayor's request. He also substantiated Mayor Woodman's testimony that the mayor paid little attention to police department affairs.

After Butler's testimony a number of character witnesses were called and testified that Mayor Woodman's character is good. These included Dr. Charles E. Locke of the First M. E. Church, Superior Judge McCormick, Major Boyd of the Salvation Army and former Mayor Alexander.

Predictions were made by attorneys and court attendants that the trial would be completed and the case go to the jury tomorrow night.

CHIROPRACTORS DON'T NEED LICENSE, VERDICT

LOS ANGELES, May 1.—Chiropractic has nothing to do with healing and chiropractors may practice without a state license, in the view of the jury before which Dr. Bernard Hubley, chiropractor was tried.

The jury acquitted Dr. Hubley of a charge of practicing medicine without a license. Dr. Hubley's defense was that chiropractic merely "adjusts the back bone" and nature does the rest—that chiropractic doesn't of itself cure anything.

Chairman: R. L. O'Barr, A. Bayless, E. E. Jahraus, C. L. Crumrine. Legislative: W. R. Garrett, chairman; Walter Eden, Albert Launer. Education and Advertising—J. A. Arnitz, chairman; E. E. Jahraus, C. L. Crumrine.

Miscellaneous

An invitation was issued to V. W. Grubbs of Riverside to attend the next meeting of the body to be held at La Habra the last Wednesday in May and present his plans for the institution of an industrial school in Orange county for girls. In a communication Grubbs advised that he was deeply interested in the organization of such a school in Southern California. He was instrumental in locating similar schools in Texas.

The address of welcome was delivered by Rev. Massias of Anaheim and the response was by A. S. Bradford of Placentia.

The meeting was held at the Oyster Loaf Cafe.

E. A. White Goes Up
E. A. White, of the California National Bank, and one of the crack bond salesmen of the city, made the sale of the \$3000 worth of bonds to Moulton and was rewarded with a ride. He was taken up about 1800 feet.

The result of the meeting was the sale of \$10,000 worth of notes, which was considered a record for the size of the crowd.

Talks were made by different members of the balloon company, with a truck as the platform. Operation of the wine and the Pierce gun were explained by men familiar with them. Lieut. Riley assisted R. L. Bisby in appealing to the assembled crowd to purchase bonds.

This afternoon's balloon meeting started about 3 o'clock, opening with a simulated attack on the balloon by an aeroplane in which Colonel Mygatt, commander of the balloon school at Arcadia, was riding. The meeting will continue until 7:30 this evening, when a dummy will be dropped from the basket with a parachute attached. A similar exhibition was given yesterday afternoon.

Lieut. Baldwin, in charge of the company here, will move the company back to Arcadia early tomorrow morning.

All soldiers and High School Cadets in uniform will be admitted to the Elks Minstrels tonight for 50 cents each.

MAY PROGRAM IS ANNOUNCED FOR PLAYHOUSES

Clune's Will Re-open Tomorrow Night For Summer at Popular Prices

L. A. Schlesinger is out with a May program for his three theaters that indicates big amusement enterprises for the movie fans during this month. The most important is the announcement that Clune's will re-open tomorrow evening for the summer at popular prices of 5, 10 and 20 cents. He promises high class feature pictures and vaudeville at every show.

Thursday night of each week will be known as vaudeville tryout night, at which time from five to seven professional vaudeville acts will be offered in addition to the feature pictures. There will be two shows every night, with matinees at 2:30 on Saturday and Sunday.

The West End will be conducted as it has in the past, offering high class pictures at the popular prices of 5 and 15 cents, with matinee every afternoon. Evening shows are at 7:30 and 9 o'clock.

The Temple is to be designated as the home of great big shows, with the biggest and best presented in a high class way, including splendid pipe organ and orchestra interpretations. This house will be open on Fridays, Saturdays and Sundays only, with two shows and matinee each day. The shows start at 7:15 and 9 p. m. Some of the productions scheduled for this house in May are "Bolshevism on Trial," "The Girl Who Stayed at Home," "Yankee Doodle in Berlin," "The Brand" and "Unpardonable Sin." "The Cavell Case" is scheduled as coming.

The month's program for the West End and Clune's appears in the advertising columns of the Register today and it might be suggested to movie fans that they cut it out and preserve it for future reference, or a pocket folder may be had at the box office.

A TALK ON SOAP

When a custom lives for 3000 years, it is safe to assume that it must be blessed with considerable merit.

Stop and think for just a moment. Modern science has succeeded in supplanting most of the "lotions," "preparations" and "remedies" of even a couple of decades ago.

A toilet requisite of ancient Egypt stands today as near as a cleanser and beautifier of the skin.

It is a combination of the oil of Palms and Olives.

History tells that with the oil of Palms and Olives, Cleopatra bathed, to cleanse her skin and make it glowing, radiantly, irresistibly beautiful.

And the custom still lives and flourishes. With a host of lesser preparations clamoring for attention and recognition, the discerning folk of the present day still cling to Palm and Olive oils as cleansers and beautifiers extraordinary. But not in the expensive, cumbersome, unsatisfactory form that ancient Egypt had put up with.

For, at Milwaukee, there is a firm which has commercialized the Egyptian formula. Each year the Palmolive Company manufactures and markets millions of dollars' worth of soap and toilet articles, made from Palm and Olive oils.

The products of this house are well known in this community. They need no introduction in many of the best homes.

Better try "Granite Rock Floor Paint" for your floors. Wears longest. Sold by the Standard Paint & Paper Company, 222 West Fourth Street.

SOMOZA ARRAIGNED ON EMBEZZLEMENT CHARGE

SACRAMENTO, May 1.—General Ferdinand Somoza V., said by some to be an imitator of J. Rufus Wallingford, and who was formerly connected with the Consulate of Guatemala at San Francisco, was arraigned before Federal Judge Van Fleet today, charged with embezzlement.

The arraignment of Somoza is another chapter in alleged looting of the Santa Rosa National Bank by its own officers.

According to Assistant United States Attorney Benjamin Geis, Somoza was enabled to secure large sums from the bank through the assistance of Will C. Grant, assistant cashier, who was taken into partnership by Somoza in establishing a charcoal manufacturing plant.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for colonic—now and then just to keep in the pink of condition. 25c and 50c per box. All druggists.

MILITARY BAND, TWO TANKS AT ORANGE CITY TOMORROW

Whippet and Heavy Armored Fighting Machines to Be Exhibited

ORANGE, May 1.—The biggest show of the Victory Loan campaign will be given here tomorrow evening when the Arcadia Military band and two tanks will visit the city.

The soldier band from Arcadia consists of 18 pieces. It has proved a great attraction all through the drive and Orange is lucky to secure an engagement. Accompanying the band are two tanks that demonstrate the battle methods of the American tank corps.

One of the tanks is the light Whippet tank originated by the British and used effectively in breaking the Hindenburg line. The other is the heavy armored American tank.

There will be a number of speakers, including some of the Orange soldiers recently returned from the service. A parade will precede the speaking.

E. L. Elects Officers

Tuesday evening about forty members of the Epworth League of the Methodist church motored to Laguna where they enjoyed a beach party. The young folks were chaperoned by Rev. and Mrs. W. C. Geyer.

After a wienie and marshmallow roast a short business meeting was held. Officers were elected for the coming year with the following results:

President, Harold Girton; first vice president, Miss Ruth Hall; second vice president, Mrs. Randolph Patton; third vice president, Miss Marie Underwood; fourth vice presidents, Miss Gladys Bush and Norville Moore; secretary, Leroy Valentine; treasurer, Rex Park; chorister, C. R. Stoeck; pianist, Miss Hazel Elliot; assistant pianist, Miss Emma Claypool.

Wienie Bake For Nephew

Mrs. C. McGill gave a wienie bake at Orange County Park in honor of her nephew, E. G. Long, of Enterprise, Oregon, who for the past year has been in the Marine Corps, stationed at Radio Station, San Diego.

In the party were Wayne McGill, Rex McGill, Ed Long, Luella Robinson, Goldie Nordeen, Addie Conner, Lola Robinson, Mrs. J. Conner and Mrs. McGill.

A most enjoyable evening was passed. On the way home the party stopped at the M. C. Porter home and serenaded Mr. and Mrs. Porter.

Church Reception

Elaborate plans are being carried out for a great church reception to be given tomorrow evening at the Methodist church. A fine program of music, short address of welcome, "get-acquainted" stunts, etc., is being prepared. The social rooms are to be profusely decorated. Refreshments are to be served. In every way this is to be the greatest social function of the church year.

The reception will be for all members and friends of the church. The fifty new members that have been received, within the past few months, will be the special guests of honor. Likewise all visiting friends in the community will be welcomed. Every one is cordially invited to come.

Notes and Personals

Mr. and Mrs. Wm. Knuth and Mrs. John P. Holditch and daughter motored to Camp Kearny Tuesday morning, returning home in the evening, accompanied by Sergt. Holditch who had received his release from military duty. He was with the 364th Infantry.

Mrs. Merrill of Nuevo, underwent an operation at the Anaheim sanitarium yesterday morning. Mrs. Merrill has been spending the past four months with her mother, Mrs. L. W. Field of McPherson.

Mr. and Mrs. A. Guthrie and baby and Miss Carrie Leithart will leave the first of next week for Columbus, Ohio, where they will make their future home.

Mr. and Mrs. E. Pohlman are rejoicing over the arrival of a baby daughter, born yesterday morning.

Louis Arambel, who was with the 364th Infantry overseas, has returned home from Camp Kearny, where he received his release from military duty. He is wearing a wound stripe on his right arm.

Mrs. T. H. Green was pleasantly surprised when several of her neighbors called on her, bringing gifts of flowers and fruit. The occasion was Mrs. Green's seventy-first birthday anniversary.

PICTURES OF NEWPORT BEACH SECTION TAKEN

NEWPORT BEACH, May 1.—D. W. McDannald and his photographer, Charles Rozell, of Los Angeles, were down Sunday and in company with A. B. Rousseau made a trip around the bay, securing twelve views of exceptional interest which will be used by Mr. McDannald in his Orange County exhibit in Los Angeles, and also in a new booklet of Orange County. These pictures, as well as several hundred others, will be shown in Balboa next Wednesday evening by Mr. McDannald.

Wishes! Mrs. Cheney, 1265-W.

PUBLIC WARNING

Public notice is hereby given that permits must be secured for all classes of building work. Alterations or improvements costing \$20 or less within the fire limits require permits. The same applies to the residence districts, except that fees are exempt.

It is my intention to prosecute violators and this warning is given in order to save trouble in the future for those who do building work.

TALBERT SOLDIER WELCOMED HOME

TALBERT, May 1.—Harvey Studebaker, one of Talbert's boys who saw active service with Company E, 364th Infantry of the 91st "Wild West" Division, reached home Tuesday afternoon with the honorable discharge, received that day at Camp Kearny.

Harvey went into action with his division on the Argonne front as a sharpshooter and came out without a scratch, regardless of numerous close calls.

Company E arrived in Los Angeles Saturday and a number of Talbert people and others who were interested in the home boys went to that city to meet them. Among the number were Tom Giesler, who was a member of that company until a wound received in battle sent him to the hospital and who is now at home on furlough; his brother, Walter Giesler, and sister, Miss Della, Mrs. S. E. Talbert, Mrs. J. E. Pettit, Fred Pope, Mr. and Mrs. Harry Harper, the former also a recently discharged member of the 91st Division; Mr. and Mrs. Frank Planckman of Santa Ana and Mr. and Mrs. Harvey Walker of Lemon Heights.

Studebaker, while in Los Angeles that day, was given a sumptuous dinner by his sisters as a welcome home and Fred Pope of this place was also a guest of the occasion.

FRANCO-AMERICAN DAY IN NEVADA'S SCHOOLS

CARSON CITY, Nev., May 1.—Special exercises were held in all public schools here today following Governor Boyle's proclamation declaring today Franco-American Children's Day. The purpose of the exercises is to more thoroughly acquaint the children with the French people and their traditions, uniting the people of the United States and France in a close bond of sympathy.

SPEED BOAT ELINORE TRIED OUT AT BALBOA

NEWPORT BEACH, May 1.—The speed boat "Elinore," owned by A. M. Andrews, was launched at the Wilson Bros. Co. ways Saturday, at Balboa, and given her first try-out on the waters of Newport Bay. The new boat was shipped here from Chicago and is just a little bit faster than anything else in our harbor and the finest boat of her class on the coast.

The "Elinore" is 35 feet long and is equipped with a 150 horsepower, six cylinder Van Blurick motor. Mr. Andrews also owns the pleasure launch "Mapuna" which is at present anchored in Newport Harbor. These boats make an attractive addition to the large number of craft which are now making their home port here and their number is increasing every week.

RECEPTION IS HELD BY GRAHAM FAMILY

WINTERSBURG AND SMELTZER, May 1.—A family party motored from here to Orange County Park where they held a sumptuous dinner and reception. Those attending were: Mr. and Mrs. J. J. Graham, Mr. and Mrs. Frank Ulrich and daughter, Miss Cleo, Mr. and Mrs. S. T. Burgess, Mr. and Mrs. Geo. E. Crane and daughters, Misses Mary and Flolele, and son, S. J. Crane, Mr. and Mrs. Chas. Graham and Miss Ethel Graham of this place, Mr. and Mrs. Riley Graham, Mr. and Mrs. Claude Graham of Fuent, and Mrs. Walter Graham of Fuent.

The affair in reality was a postponed reception for Walter Graham, the plans having been laid for the picnic immediately upon his return from Uncle Sam's service some weeks ago but illness in the family prevented them from maturing at that time so this opportunity was made the most of. As Sunday was the birthday anniversary of the honored young man's father, J. J. Graham, the pleasant affair also proved in honor of this event.

CAMP GROUND DECIDED AT HUNTINGTON BEACH

HUNTINGTON BEACH, May 1.—The city council at a recent meeting decided to locate the municipal camp ground on the block east of the Pacific Electric depot, and expect to have everything ready by the 15th of May. This does not mean that the city will furnish tents and equipment, but the ground for placing a tent and other facilities for the accommodation of the autoist who must furnish his own tent with his camping outfit. Free water and other necessary accommodations will be at hand.

The city council authorized the painting of the railing about the municipal pier, awarding the job to W. R. Higgins. Work began Wednesday and fishermen must look out for themselves or they will appropriate a good share of the black paint.

IMPORTANT NOTICE TO HOUSEHOLDERS

Persons having spare rooms or beds, and willing to let delegates to the Department Encampment of the G. A. R. and affiliated orders occupy same from May 12 to 16, please report at the Armory, on Birch street, between 1 and 3 p. m.

You are not expected to furnish these rooms free of charge, and you need not furnish meals unless you want to. A great many delegates are expected, and hotel accommodations here are insufficient to meet requirements on this occasion. Please help us.

BIRCH OIL CO. ASKS CHANGE OF VENUE

**Alleges Judge R. Y. Williams
Cannot Give Fair and Im-
partial Trial of Tax Suit**

Claiming that Judge R. Y. Williams is prejudiced against them, and therefore cannot give them an impartial trial, A. Otis Birch, M. Estelle Birch, B. F. Conaway, Anna M. Conaway, Louise S. Hopkins and Ruth S. Hopkins, stockholders of the Birch Oil Company, have presented a demand that their suit against the county of Orange be tried in Los Angeles courts rather than in Santa Ana. The suit is the annual Birch suit for return of taxes on oil property in the Fullerton field paid under protest.

The action is set for trial next Monday, May 5, and at that time Attorneys Woodruff and Shoemaker of Los Angeles will make a motion for a change of venue, notice of the motion having been filed with the court yesterday afternoon.

In an affidavit in support of the demand, A. Otis Birch, president and manager of the oil company, declares that Judge Williams was for over four years "actively hostile" to Birch and his associates, that he is prejudiced and biased against them, and that therefore he cannot give the case a fair trial. The "active hostility," the affidavit says, was evidenced when Williams, before becoming a Superior judge, was attorney for thirteen former stockholders of the Menkes Oil Company, who sued Birch for an aggregate of one and a half million dollars damages, alleged to have been sustained through Birch's dishonesty and deceit in purchasing their stock in the Menkes company, which owned the oil lands now owned by the Birch Oil Company, and involved in this ax-protest suit.

The thirteen stockholders which the affidavit sets forth Attorney Williams represented in the thirteen suits against Birch were Della F. Bishop, W. Blee, J. D. Thomas, N. T. Edwards, F. L. Ainsworth, Samuel Matthews, Mary P. Matthews, W. B. Tedford, J. R. Porter, C. C. Dawes, W. A. Huff and J. C. Travis.

COMMERCE CHAMBER TO INCREASE MEMBERSHIP

HUNTINGTON BEACH, May 1.—The Chamber of Commerce at its monthly meeting Monday evening passed on a good many different matters, among which was the move for membership drive with Dr. F. E. Wilson, chairman of that committee, the drive will start immediately and on May 23rd with a banquet at the Huntington Inn.

The object is to double the membership by enlisting the co-operation of many of the business men who are not taking any active interest along the lines of civic action.

In connection with this drive it was decided to hold a business men's luncheon every two weeks and have a good speaker from outside give talk on different subjects pertaining to the betterment of business conditions in our city, and discuss subjects of vital interest to the public in general. The date was not set for the first meeting but will be announced later.

LAST CHANCE TO SEE MINSTREL SHOW TONIGHT

**Program of Joy, Fun, and
Laughter Again Played
to Crowded House**

Last call! Last call! Tonight's the last chance to see and enjoy the 1919 Elks' Merry Minstrels at Clune's. The curtain rises when they get good and ready, about 8:30, and from then until 10:30 there will be something doing every minute.

All this is said advisedly, in view of the good times enjoyed Tuesday evening and last night by crowds which packed the theatre to capacity. The show was worth going many miles to see, and the beauty of it was that the characters are all "home folks," and it's safe to say many of them will never again look so comical as they do during this performance.

Sami Stein didn't sing last night. They wouldn't let him, but he declared that b'gosh, he would do so tonight or bust up the show. Although he wore a union suit, he didn't belong to the Musicians' Union, and the orchestra refused to play for him. Then after he had been gently persuaded by Joe Burke to sit down, there were a couple of balloons on his chair. They were heavily sat upon. Not only the front of Sami's head was blacked, but the top as well, and many people are wondering just how long he had to stay up to get the burnt cork off.

That alleged solo by Burke, "The Wild, Wild Women," was simply awful, but the chorus was good. The audience couldn't see where Burke had anything on Stein. All the rest of 'em lived up to their reputations and everything said about Tuesday night's show goes for last night's as well. Just haven't space to say it all over again. C. B. Worsham and Marshall Harnois were again on deck with their professional-style blackface act which was good.

Fact is, it's impossible to do justice to the show in a newspaper article. You've got to see it for yourself to appreciate it, and tonight's the last chance.

TALBERT NEWS NOTES

TALBERT, May 1.—Mr. and Mrs. Walter Gistler, delightfully entertained at dinner Sunday, the guests being the immediate members of their families. The reunion is the first of the young couple who have not been located long in their new home. Those enjoying the dinner and social day were the hostess' parents, Mr. and Mrs. R. L. Callens, sisters, Bernice and Aileen and brother Joe Callens, the host's parents, Mr. and Mrs. Robert Gistler, brothers Tom and Harold, sisters Cecille and Agnes, and Mr. and Mrs. Gilbert of Los Angeles, a friend of the latter who accompanied her home on a visit, and Mr. and Mrs. Bernard Stoffel of Anaheim, the latter being also a sister of the host.

A 7½ pound daughter was born Sunday, April 27th to Mr. and Mrs. Harold Swift. They have named her Gwendolyn Jo. The mother and babe are at the Santa Ana hospital.

Herman Kutzner who returned home Friday from overseas army service came over from Huntington Beach Monday, where he has been with his family since his release, and called on friends. He was a member of the 348th artillery.

Ben Cox has remained at home from school the past week and devoted his time to practical application of the agricultural course which he is pursuing. Beside helping his father on the ranch he has prepared his own acre of ground on which he is carrying on his experiments and planted it to corn Tuesday.

Mr. Cox has been irrigating his large alfalfa field this week trying out his new engine just installed.

Mrs. J. E. Pettitt has received a letter from her daughter, Mrs. W. E. Pettitt who with her baby left here Thursday of last week for Kernville, telling of their safe arrival at their destination.

A program for "Mothers Day" is being planned for May 11th at the Talbert Methodist Episcopal Church, South.

A. L. Vincent and John Page attended the Odd Fellows picnic at Orange County Park last Saturday.

Mrs. Berry Stice, daughter of Mrs. L. T. Wells of this place is quite ill at her home in Santa Ana, it has been learned. Exposure brought on after effects of the flu and she has been ill for a week as a result.

Miss Alma Plavan came down Monday from Perris and after an overnight visit with friends in Santa Ana came on home.

On Wednesday Miss Grace Malan enjoyed an entire day's leave of absence from the California Hospital where she is in training and was a guest at the P. D. Plavan home. Upon her return to Los Angeles in the evening Miss Malan was accompanied by Miss Alma Plavan who expected to spend a couple of days in that city.

Mrs. Lena Waite and Miss Grace Bradley drove to Compton Tuesday and were guests for the day of Mrs. Mable Rozelle.

Mr. and Mrs. J. J. Woodson attended the opening session of the Orange County Sunday School convention in Santa Ana Tuesday which is convening at the United Presbyterian church.

Big plans for a barbecue and all-day reception for the boys of the community who have been in Uncle Sam's ranks are being made, the affair being backed by the community in general and much interest is being shown in this "welcome home." May 30th is talked of as the date as it is hoped all the local boys will be in by that time.

Mr. and Mrs. Leo Borchard drove to Oxnard Friday where they remained as guests of relatives until Tuesday. On Sunday the Borchards attended a big barbecue given by Mr. Borchard's sister and husband, Mr. and Mrs. Ed. Borchard. Upon their

SOUTHERN CALIFORNIA

REDONDO BEACH, May 1.—Redondo Beach Elks have made application to the Grand Lodge at St. Louis for a charter, which will probably be granted, as all the requirements have been fully met. Already the local Elks have been busy looking over the ground for a favorable location for a clubhouse.

LONG BEACH, May 1.—At a meeting yesterday the Ministerial Association decided quickly on a policy of "hands off" in the primary election campaign. An outsider brought up the question, evidently desirous of securing an endorsement for a certain candidate. The ministers agreed "there is no moral issue involved" and the speaker was ruled out of order.

CAMP KEARNY, May 1.—The demobilization center forces had a little "breathing spell" yesterday after the discharge of the second of the 364th Regiment of the 91st Division, the last of whom were sent away this week, except a few officers who had the loose ends of the demobilization work to attend to.

LOS ANGELES, May 1.—Edward R. Gamble, banker, merchant and philanthropist, left about \$100,000 to the First Church of Christ, Scientist, Boston, according to the terms of the will which was filed for probate yesterday. Mr. Gamble was living at Long Beach and was found dead in bed. His estate totals about \$400,000.

PASADENA, May 1.—Dr. Robert Freeman, for ten years pastor of the Pasadena Presbyterian Church, has been invited to preach in the pulpit of the Fifth Avenue Presbyterian Church of New York, the leading church of that denomination in America. Dr. Freeman will appear there May 18 and 25, leaving here May 12.

—Purchase of 2000 acres of land near Oxnarda, a suburb of San Diego, thereby insuring the permanency of the Army Aviation Pursuit School at Ream Field, will be accomplished soon, according to an announcement made by officers at Rockwell Field. Ream Field has been used as an aerial gunnery school by the army aviators stationed at Rockwell Field.

LONG BEACH, May 1.—Representatives of a firm of industrial engineers in Boston, Mass., visited the harbor district yesterday to inspect possible sites for a \$2,000,000 cotton mill which probably will be established somewhere in this vicinity by one of the largest cotton manufacturing concerns of New England.

HUNTINGTON BEACH

HUNTINGTON BEACH, May 1.—H. B. Stearns of Arizona was in the city Tuesday for a short time having made arrangements with a Los Angeles firm to manufacture his safety razors on a royalty basis, he had to come out and fix up the contract. He is engaged in farming cotton in Arizona and reports good prospects along that line but more work to it than he imagined until he got into it.

George H. McPhee, county sealer, of Santa Ana, was in the city Tuesday looking after the scales. He came over especially to adjust the Sugar Co. scales at their different shipping stations.

C. A. Johnson of the Holly Sugar Co. expects to leave Saturday for Denver to be gone for two weeks on business.

A delegation from our local Woman's Club consisting of Mrs. L. A. Copeland, Mrs. F. E. Wilson and Mrs. Earl Farrar attended the county convention at Placentia Wednesday.

Rev. T. S. Urena of Los Angeles was down Wednesday looking after his property on Eleventh street. He reports his son Herbert is having a serious attack of stomach trouble.

L. M. Doyle and E. A. White of the California National Bank of Santa Ana, were callers at the First National Bank Wednesday.

The cantata given at the Christian church on April 20th was repeated Sunday evening to a crowded house. The M. E. church dismissed their evening services and many took advantage of that opportunity to hear a rare treat.

R. D. Gillison who recently returned from France has registered ready for the Newport Beach bond election June 10th. Under the re-construction program the soldier boys are going to exert a strong influence for public improvements generally.

Forest B. Turner is expected to obtain his final discharge by May 15th. Mrs. C. C. Newland left Wednesday for San Francisco where she expects to spend a week with friends.

John M. Ross former chauffeur for the Holly Sugar Co., was buried in the local cemetery Monday. Rev. R. I. McKee officiated.

Mrs. Flora Gossing of Compton visited this week with her brother Judge W. D. Seely and wife.

The local W. R. C. are very active these days and will initiate twenty-four new members next Tuesday, May 6th, at Odd Fellows Hall. Refreshments will be served. The corps is planning on having the W. R. C. ladies of Santa Ana do the initiative work. Mrs. Mary McCain is president of the local corps.

return home Tuesday they were accompanied by another sister, Mrs. Silas Kelly and baby who are visiting among the relatives here.

Mr. and Mrs. Arnold Walker and little daughters, Elinore and Bernice, and Mr. and Mrs. Harry Harper drove to Lemon Heights Sunday where they were delightfully entertained at dinner by Mr. and Mrs. Harvey Walker.

TUSTIN PROTESTS REMOVAL OF TREES

TUSTIN, May 1.—The regular monthly meeting of the Tustin Chamber of Commerce was held Monday evening at the school house.

The matter of getting the open ditches piped under-ground and the prospect of getting the work done in the near future was discussed.

The committee reported that a suitable site had not yet been found for the big sign of the United States Tire Company and was asked to make further investigation.

Motion was made to protest against the work of the highway commission in taking out the pepper trees on D street.

The next meeting, to be held the fourth Monday in May, will be the annual meeting. There will be an election of officers to serve during the coming year and every one is urged to attend the meeting.

HEAD OF SCHOOL FOR GIRLS HAS RESIGNED

LOS ANGELES, May 1.—Report that Mrs. C. M. Weymann, one of the leading figures in the recent probe of alleged cruelties in the management of the Ventura School for Girls, has resigned her position as superintendent of the institution, was verified last night by a telegram from Sacramento. Governor Stephens received word yesterday that Mrs. Weymann's resignation was in the hands of the board of trustees of the school.

Mrs. Weymann's resignation comes as the climax to the recent investigation made by Los Angeles clubwomen of conditions at the school. The charges of the giving of lashings and of housing girls for misbehavior, which were sustained, proved one of the sensational features of the investigation.

Governor Stephens announced to women of the State that conditions at the school would be improved and set August 1 as the date for a second investigation.

THANKS FOR WELCOME IS SENT BY SOLDIERS

LOS ANGELES, May 1.—That the officers and men of the 364th Infantry deeply appreciated the reception tendered them upon their arrival in this city, en route to Camp Kearney where they were to be mustered out, is set forth in a letter received yesterday by Colonel B. B. Ray, of the Soldiers' and Sailors' Replacement Bureau, from Colonel Lucius C. Bennett, commanding the regiment. Colonel Bennett said:

"The officers and men of the 364th Infantry desire to express to you and your committee, and through you to the people of Los Angeles, their deep appreciation for the splendid reception."

Diamond SQUEEGEE TREAD Tires

Mark those 3
Continuous Bars
on the tread

How quickly a railroad coach would pound to pieces if it had to jump three inches from one rail to the next. Skips or gaps in the rolling surface of tires are equally disastrous.

Those three continuous ribs on the Diamond Squeegie Tread give as smooth a rolling surface as though it was a smooth tread tire. "More - Mileage Ribs" we call them, for they put more rubber right where the wear comes.

Yet that scientifically designed Diamond Squeegie Tread lasts forward and side skids. It adds mileage—you'll run a Diamond thousands of miles before you wear down those Squeegie Ribs. Cut your tire upkeep with a Diamond.

YANKS' ABILITY TO SHOOT GOT HUN'S GOAT

Marksmanship of Americans
Big Factor In Victory,
Says Ahlf

"Every man of the 91st division could shoot, and that is what got the Germans' goat. We didn't get closer than 400 yards to the Germans, excepting those we captured in dug-outs, but all a German had to do was to move and whang, whang, whang, down he would go with three or four American bullets in him. There were mighty few of those Germans wounded."

Lorenz Ahlf of Newport Beach and Santa Ana, back from overseas with the 364th inf. arrived home yesterday with his discharge, and today he is in civilian clothes.

"The Germans couldn't understand how it was that Americans could shoot from any position on the ground, and hit," continued he.

Ahlf was a member of Co. E of the 364th, which company was three days and nights guarding 10,000 German prisoners taken in the St. Mihiel drive. The prisoners were kept in a barbed wire pen. Soon after that the company was in the line in the Argonne Forest, advancing in rain and mud under fire.

"Our captain, Capt. Grapner, of San Francisco, was right out in front saying, 'Come on, let's go get 'em,'" said Ahlf.

Orange county men of Co. E whom Ahlf knew and who were wounded were George Harris, Orange, sick and gassed; Sgt. Milton Bolton, Orange, gassed, and Tom Gisler, Talbert, hit in the arm.

Ahlf was in the line seven days before he got some gas and had to be taken out. He did not rejoin his company until after the armistice.

VALENTINE MUSIC PUPILS IN RECITAL

HUNTINGTON BEACH, Apr. 30.—The Valentine Conservatory of Music and Arts held a recital of its pupils yesterday. Among the students taking part was Eber Flaws, 9 years of age, son of Mr. and Mrs. John Flaws of this city, the boy rendering several selections that indicated marked advancement for a lad of his age.

Mrs. Adeltha Peterson, head assistant of the Conservatory, also played an important part in the entertainment of the afternoon in rendering a monologue, solos and piano duets. Mrs. Peterson's musical training covers twenty-one years.

At the early age of two she began taking instruction; at six she was the "whole entertaining feature" of a recital at Blanchard hall in Los Angeles, where 800 people were turned away and the recital had to be repeated; at nine she was an instructor in the kindergarten department.

She is the daughter of Mrs. Valentine Cunningham, president of the Valentine Conservatory, who was one of the founders of the Los Angeles Conservatory of Music in 1883, having been prominently connected with the development of music and arts in the Southland for the past thirty-seven years.

Huntington Beach can congratulate itself on the possession and maintenance of such an admirable institution and the musical atmosphere which it fosters and develops. It speaks volumes for the culture and refinement of our people, and those who have placed the Conservatory on the high plane it occupies and have made possible the securing of a classical musical education, in our own city placing the most approved and the latest methods at the disposal of the students, are indeed public benefactors.

PIEZ RAPS HURLEY'S CONTRACT CANCELLING

PHILADELPHIA, May 1.—Charles E. Piez, director general of the emergency fleet corporation, goes back to civil life today. His term of office as a war worker expired last night.

"I have finished my term and can say what I please," Piez declared at the farewell dinner last night attended by shipbuilders from all parts of the country. With this preface he attacked the recently announced policy of Edward N. Hurley, chairman of the shipping board, which cancels contracts for more than a million tons of shipping.

Piez expressed his opinion that before such cancellations were ordered an opportunity should have been had to sell the surplus tonnage to the navy yards. Fears for the future of many thousands of men made jobless by the tonnage cancellation were expressed.

DAD TO DIG UP; CLOTHES TAXED; JINGLE WILL DISAPPEAR

Old Man High Cost of Living Given Another Boost Today

Mother and father, that little jingle left in your purse is going to disappear, for be it known that starting today you pay an extra tax on practically everything that you and your little flock will require in the way of ornamentation of your shapely or unshapely form—you will pay the extra tax unless you are content to confine yourself to the purchase of goods that can be had within the price exemption limit.

Dad will have to "dig" harder and be content with less loose change in his pocket. That little darling will have to be taught the value of a nickel or a dollar if you would lay aside a little for the proverbial rainy day.

Among some of the articles upon which this new government tax is to be charged are carpets and rugs, pocketbooks, purses, umbrellas, fans, house or smoking coats or jackets, bathrobes, men's waistcoats, hats, neckties, shoes and stockings, shirts, pajamas, underwear, kimono, petticoats and waists.

The tax to be levied is 10 per cent.

Seven Reasons Why You Should Buy Victory Bonds

Billions are needed to take millions of Americans out of khaki! The official estimated expense of maintaining America's army till demobilization is complete is \$2,354,317,000.

Of the 3,700,000 fighters called to the colors before the signing of the armistice, 2,002,175 were on overseas duty. Up to the middle of March less than 500,000 were back from the battlefields.

The cost of getting Pershing's conquerors and the men who performed valiant service on this side back into civil life will total at least \$1,934,043,250.

That \$60 bonus to honorably discharged men adds \$225,000,000 to the demobilization bill.

Then come transportation costs abroad and at home. These include the item of \$700,000,000 for America's superb transportation system in France. Water and rail cost estimates for travel oscillate at the \$500,000,000 mark.

Millions also are due for the supplies, equipment and munitions that by ending the war suddenly saved at least 100,000 priceless American lives!

CONVENTION OF BAPTIST YOUNG PEOPLE OPENS TOMORROW

Between 400 and 500 Vis- itors Are to Be Present; Good Speakers Coming

Between 400 and 500 young people of 101 Baptist churches of Southern California are to gather in Santa Ana tomorrow for a three-day convention to be held at the First Baptist Church of this city.

The largest attendance is expected Saturday, which is to be given over to conferences and addresses. The afternoon will be full of fun, for the Los Angeles association will play the Santa Ana Valley Association a real ball game on the Polytechnic high school grounds.

All of the young people of the county are invited to attend.

The theme of the convention will be "The Young Christian's Stewardship of Life," and among the speakers will be Rev. Bruce Black of the Wilshire Church of Los Angeles, W. W. Catherwood of Santa Barbara, R. E. Day of San Diego, W. F. Harper, secretary of the Southern California Baptist convention; Geo. L. White of Los Angeles, A. F. Newcomb of Ontario, Paul C. Brown, field secretary of Christian Endeavor of California, and Rev. F. G. Davies of Santa Ana.

One of the big features will be the banquet on Saturday night, when a number of the young people will respond to toasts. The banquet rooms will be crowded to the limit for about 600 tickets have been sent out.

The opening session of the convention will be held tomorrow evening at 7:30 o'clock at the First Baptist church. Registration of delegates will start at the church at 6 p. m. The speakers tomorrow evening will be Rev. Bruce Black of Los Angeles and Rev. W. W. Catherwood of Santa Barbara.

IRVINE YOUNG FOLKS ARE GUESTS AT PARTY

IRVINE, May 1.—A very pleasant evening was spent Saturday at the home of T. B. Harlin. A party was given by Mina Harlin for a number of her schoolmates. Those present were Antoinette and Kathleen Ahern, Ruby and Opal Lewis, Catherine Ross, Lester Lewis, Burton Kraschel, Harold King, Roy and Hugh Le Bard, Emmett Clift, Archie Bercau, Clyde Daugherty, Ben Jerome, Mr. and Mrs. Claude Adams and daughter, Mr. and Mrs. Harlin, Irene, Mina, Thelma and Wayne.

The evening was spent with pleasant games. Refreshments of ice cream and cake were served.

Big Stocks of Millinery Claiming Much Attention

Again, you are reminded that this is millinery week, millinery week all over the country. It is the time for battling for both men and women. The local stores have large stocks of new summer millinery. Now is the time to look over the collections, as you best than if you put your purchase off till after hundreds of the best creations in summer hats are gone.

It is the "shop early" suggestion and every woman and miss will profit by visiting before the end of the week the millinery stores advertising on these pages today.

The summer hat, feminine, is of materials many and varied and of

Come Try A Ride In The Orientator Uncle Sam To Give Thrills Safely Aviation Students Will Get Tests

Aviation Candidate Given Test In New Machine.

New Machine Gives Every Sensation Experienced In An Airplane

WASHINGTON, May 1.—Ever get a ride in an orientator? They are made to test would-be aviators.

An orientator gives a fellow all the sensations of flying upside down, looping the loop or doing the barrel roll.

The teacher puts him in the body of the thing and whirls him every way, then asks him if he's dizzy. If his center of equilibrium, which is in the inner ear, doesn't tell him when he's upside down, he is no good for flying. All the man in the chair has to do is to work the lever.

The man in the car can make the machine do the same stunts, after he gets used to it, with a control stick in front of him.

William G. Ruggles invented the thing and there's going to be one in every aviation camp in the country.

Need of Union in Mission Work Means a Merger

Speakers at Closing Session Emphasize Value of Co-operation

Through the necessity of church union in order to do effective Christian work in mission fields, there will come a spirit of co-operation that during the present generation will result in a union of churches. This may not mean the wiping out of denominations, but it will mean a union for co-operation.

This paragraph briefly sets forth the conclusions of two able speakers at last night's closing session of the Orange County Sunday School convention.

The two speakers, Rev. F. M. Dowling of Placentia and Rev. J. C. Reid of San Francisco, secretary of the Inter-Church Movement, discussed the same subject, church union.

The sentiment toward union of effort and elimination of competition was expressed by the Sunday School convention yesterday afternoon when a resolution was passed in favor of a union of national Sunday School organizations.

In his address last night, Rev. Dowling said that the need of co-operation of Christian churches of all denominations is more noticeable in mission fields than elsewhere. He declared that in many fields Chris-

BISBY SELECTED MANAGER FOR HARBOR BOND CAMPAIGN

Chosen By Representatives In Various Districts of Orange County

Seventy representative men of various districts of Orange county in attendance at the Associated Chambers of Commerce meeting last night selected R. L. Bisby of Santa Ana as the man to have charge of the county harbor bond campaign. The appointment of a committee to take charge of the drive was authorized, with Bisby as chairman, he to select his own workers.

A. S. Bradford, of the Placentia bank, offered the motion authorizing the committee and high tribute was paid to Bisby as an organizer and worker.

"Bisby will put the bond issue over, if he will assume the responsibility," declared Bradford. "I have worked with him and know his capabilities and he always delivers the goods."

An active campaign in behalf of the bonds will be started after the Victory Loan drive is out of the way. Bisby is having strenuous work in putting the Victory Loan over and it may be that he will require a week's rest after the loan drive before taking up the battle for the bonds. The election will be held June 10.

A question by A. E. Koons of La Habra as to why Orange county did not receive terminal rate benefits from the harbor at San Pedro brought out clearly a point that perhaps is not fully understood by the public. Terminal rates are governed by a harbor district. The shoestring annexed by Los Angeles makes terminal rates effective within that district.

Orange county in its entirety is a harbor district, having been made so by an act of the state legislature, which makes terminal rates available to every district in the county whenever a harbor is established.

The harbor was discussed from several angles by different speakers and all drove to the point that Orange county should not miss this opportunity to secure a harbor with its resultant benefits in the way of lower freight rates and the possibility of development of shipping and industries at the harbor, with possibility of increased assessed valuation in a few years more than offsetting the tax that will be added by reason of the \$500,000 bond issue.

Cuttle Sees State, Federal Aid
A letter from Francis Cuttle, chairman of the Tri-Counties Reformation committee, was read, in which he urged support of the bonds.

"As soon as you have a harbor at Newport Bay that is recognized by the government as a harbor, it would be possible to get an appropriation from the federal government as well as the state government for control of floods on the Santa Ana river," says Cuttle in his letter. "This plan has been followed by the county of Los Angeles and the legislature of 1917 declared its intention of appropriating \$1,050,000 to co-operate with the federal government and the county of Los Angeles for the control of flood waters upon rivers flowing into San Pedro harbor and the state actually made an appropriation of a quarter of a million dollars."

"My point is this, that if the county of Orange takes the initiative and votes these bonds, it also is vitally interested in flood control and after the harbor is actually recognized, the

NOW GOOD TIME TO BUILD SAY U. S. REPORTS

More Money Available For Construction Than In Recent Years

WASHINGTON, April 30.—This is the time to build homes, according to the consensus of opinions that are coming in to the United States Department of Labor, which is receiving many expressions of approval of its "own your own home campaign" and assurances of co-operation in its nationwide work of stimulating construction.

It is pointed out that an abundance of employment at high wages has made the desire for comfortable and pleasant living conditions more widespread than ever before. Since economy and thrift have been preached and practiced in America, during the period of the war, there is a new desire to use money wisely.

Economists estimate that more money is available for building in the United States this year than there has been in recent years. This fact, added to the general disposition to seek a settled abiding place, after the adventures and separations attendant on war, is giving home building a decided impetus in all parts of the United States.

Surveys made of the whole country show that the advance in cost of materials has not kept pace with increases of other commodities and real estate has not risen in price. Moreover, there is a disposition among those who finance building projects to make easy terms for those who desire to put their money in what is acknowledged to be the most satisfactory of all investments.

The rise in rentals and the shortage of more than half a million houses, owing to the suspension of construction during the period of the war, furnish a sufficient reason for the consideration of building a home. In forty cities now listed in the Division of Public Works and Construction Development of the department's Information and Education service, intensive campaigns are in progress and all these have as their object the starting of building projects at the earliest possible dates this spring.

IMPROVEMENT BODY PLANS RECEPTION

WINTERSBURG AND SMELTZER, May 1.—On Monday evening the second meeting of the improvement Association was held at Bradbury's hall. The attendance was larger than that of the other meeting and interest is noticeably increasing.

Since the reorganization has been under way the association has been called the "Springdale Improvement Association" but since former records have been perused it was discovered this was the initial name, it later having been changed to the "Wintersburg Improvement Association" and under this cognomen will now be known.

The constitution and by-laws were adopted at this meeting and E. Ray Moore, elected vice-president; L. L. Letson, treasurer; E. R. Bradbury and H. O. Ensign were elected to the offices of president and secretary, respectively, at the former meeting.

Prof. Ensign as secretary was appointed as delegate to attend the Orange County Chambers of Commerce meeting to be held Wednesday evening of this week at Anaheim.

This committee on membership submitted its report, showing 301 members now enrolled.

The membership fee is one dollar for initiation for men, ladies being admitted only on invitation, and fifty cents dues quarterly is exacted.

An application to the Southern Counties Gas Company for the extension of its gas line into Wintersburg and bearing in the neighborhood of twenty signatures, which represent practically every family who would be affected by this contemplated improvement, was duly indorsed and will be submitted immediately by the secretary to the proper authorities.

The first and third Tuesday evenings of each month was decided upon as regular time for the association meetings, the first to be of a social order, the other a business meeting.

For next Tuesday, May 6, plans were made to hold a reception for returned service men of the community and the committee appointed to arrange for the supper and entertainment is Mrs. A. Ruoff, chairman; Mrs. E. Ray Moore, Mrs. H. O. Ensign and Mrs. Chas. Nelson. The local auxiliary of the Red Cross is to be asked to join with this committee in arranging for the reception, making it a general community affair.

WOMAN RUNS THORNS THROUGH 2 FINGERS

TALBERT, May 1.—Mrs. L. T. Wells is nursing a badly injured hand as the result of her efforts to trim a large date palm tree on the ranch near town.

The family is staying at the ranch at present, having moved there for a several weeks' stay while some ranch work is being done.

Mrs. Wells was using an axe and in striking at the branch her left hand struck full force against the stiff limbs on the tree, one penetrating entirely through the second joint of the middle finger and another through the first joint of the little finger. The latter she was able to remove with a pair of pinchers but the other broke off, so she went immediately to a physician. By the time she reached Huntington Beach several applications of cocaine were necessary before the thorn could be removed.

NEWPORT BEACH FIGHTING MEN GET HOME

Carl Danielson and Lorenz Ahlf, Reported Missing, In Fierce Battles

NEWPORT BEACH, May 1.—The glad hand of sincere welcome was extended to two more of Uncle Sam's heroes by Newport Beach folks this week when Lorenz Ahlf, son of Mr. and Mrs. J. C. Ahlf, and Carl Danielson returned home after receiving their discharges at Camp Kearny. Both of the boys are looking fine and judging from their appearance and hearty handshake are hard as tempered steel.

Ahlf was a member of Company E, 364th Regiment and 91st Division, and Danielson was in Company F of the same regiment and battalion. They went over the top together and were in some of the thickest of the fighting in the Argonne Forest. When the Americans were posted in this sector, the main German army retired a considerable distance but left a number of snipers and machine gun nests to cover their retreat. Into the rain of leaden bullets the doughboys charged and the woods were soon cleared of the deadly machine guns.

During the attack, Ahlf was struck by a piece of shrapnel but fortunately his Carnegie Derby saved him from possible death. Later he was gassed and taken to the first relief hospital and developed influenza. Soon after he was transferred further back from the front and the relief hospital which he had just left was struck by a shell and the officer in charge and several men were blown to pieces.

All reports were destroyed by the shell fire and it was not known that Lorenz had been taken further back, so he was reported as missing in action. Although his parents had been notified officially that he was reported as missing, they had received a letter from him written after the date of the report from the government and were consequently not worried over the report.

He remained in the base hospital for several weeks until able to rejoin his company, which, after the armistice was signed, was assigned to occupation work in Belgium until finally the word came to embark for the U. S. A., and Lorenz says that they couldn't get started any too quick to suit him.

Of the some fifty boys who went to fight for their country from this vicinity, as far as we have been able to learn, none but their lives either in battle or through sickness, and everyone has made a record of which the city of Newport Beach is justly proud.

NEED OF UNION IN MISSION WORK SEEN

(Continued from Page Nine)

aren't believing the right thing, they must come along and join their denomination. Imagine the effect upon the minds of the converts.

"I am not trying to give any rules for this union for co-operation in mission fields," said Rev. Dowling, "but I am pointing out the necessity of such a union. Steps toward co-operation in foreign missions have been taken. In the end, we shall see some kind of a union of the denominations for carrying forward the cause for which they are all striving."

Rev. Reid completed his work as a pastor in San Francisco last Sunday and he started in upon his work of organizing the Inter-Church Movement. He declared that in nearly every city there are some things in which the denominations can co-operate with mutual benefits and an increased efficiency in the cause of Christ. He pointed out that it was the union of the forces of the Allies under Gen. Foch that turned the tide of war and brought victory in the end.

The churches of the world need some organization work at strategic points, to survey the whole field and direct the forces, all working to the same end and not working against each other.

CHEERFUL WORDS

For Many a Santa Ana Household To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Santa Ana readers:

C. B. Hawkins, 814 Townier St., Santa Ana, says: "I did a great deal of hard work and I think that was what weakened my kidneys and brought on backache. I had a constant lame back and it really affected me more when I was in bed at night. I could not sleep and mornings felt stiff and lame. The action of my kidneys was too frequent and caused me to get up at night. I had head-aches and dizzy spells, too. I read about Doan's Kidney Pills and five boxes, procured from the Rowley Drug Co., removed the trouble."

Do you thoroughly understand that the Sinking Fund Provisions made in the Victory Liberty Loan Act for all issues outstanding and including the Victory Liberty Loan will make the U. S. Government a buyer of its own bonds, rather than a seller, after the present campaign closes?

The floating supply of bonds in the open market will become less and less and prices will advance accordingly. The opportunity to buy U. S. Government Bonds to net 4.75 per cent. will, without doubt, be a thing of the past shortly after the present campaign closes.

counties of San Bernardino, Riverside and Orange could join together and make a strong fight for both state and Federal funds on the ground that that is their outlet for their products.

"You know that up to date the Federal government has never appropriated any money for flood control on any watershed, excepting on the ground of protecting navigation, either in the rivers over which it has control or at the harbors in the mouths of such rivers."

Tuttle has been one of the most active men in Southern California in flood control. He has been in Washington frequently on control matters and knows under what conditions assistance of the government may be expected.

KRAEMER BUILDING SIX NEW COTTAGES

PLACENTIA, May 1.—Samuel Kraemer has ordered material and contracted for the building of six houses in Kraemer addition to Placentia. Men are already at work clearing away for the foundations. The houses will be modern and attractive, containing five rooms each, and a garage will be built for each one. Five will face on Alta street and one on Bradford avenue. These houses will add largely to the appearance of the eastern part of Placentia.

JAMES BUTCHER DIES AFTER BRIEF ILLNESS

WINTERSBURG AND SMELTZER, May 1.—James Butcher passed away at his home southeast of Wintersburg at 3:50 p. m. Monday, April 28. Death was due to bronchial pneumonia which followed influenza, he having been ill but a week. He was twenty-six years of age.

Mr. Butcher was the proprietor of the Wintersburg barber shop and had resided here several years. He leaves a wife, and two children three and five years of age.

An Explanation

It is often puzzling to understand the financial success of an acquaintance who has merely ordinary ability.

Usually these successes are the result of a person's making the very utmost of both what ability he has and what money he earns.

Money in a savings account at this bank earns good wages—4 percent interest compounded semi-annually. Besides this, a willing personal service—practical to the furtherance of one's interests—is extended to every depositor regardless of the size of the account.

We welcome inquiries regarding the advantages of our sound, helpful banking service.

TWO ANGELS ARE RELEASED BY KILLIFER

LOS ANGELES, May 1.—Manager Red Killifer of the Angels was forced to do a certain amount of cleaning around his ball club yesterday. The player limit must be sixteen men today. This includes the manager if he plays.

To get down to this limit the Angels released Ralph Valencia and Red McKay, pitchers, outright Claude Cooper, outfielder, and Red Andrews, shortstop, were placed on the suspended list.

There is still a battle between Schick and Cooper for the center field job. Schick will continue to play, but in case he should fail to hit it is possible that Cooper will go to center. Whichever one sticks will have no opposition, for the other man will have to be sold or traded.

As the club now stands, Killifer has six pitchers. They are Crandall, Aldridge, Brown, Pertica, Pittery and Beer. His two catchers are Lapan and Boles. His infielders are himself, Fournier, Driscoll, Kenworthy and Haney. His outfielders are Crawford, Schick and Ellis. This is a total of sixteen men.

SANTA ANA-ORANGE GAME IS POSTPONED

A baseball game first scheduled for tomorrow between the Santa Ana and Orange high schools for the championship for this section of the Orange league has been postponed a week to Friday, May 3, at 3:30 p. m. The postponement was made necessary by the fact that the Santa Ana boys could not practice this week on account of the military balloon company camped on Poly field and the large crowds visiting the camp. The game will be played here, and the winner will then play for the league championship.

Coach Smith's boys go to Riverside Saturday to play a return practice game with that school.

SOUTHLAND COLLEGE GIRLS IN TRACK MEET

LOS ANGELES, May 1.—Women of the University of Southern California will stage the only college women's track meet in Southern California on Board field this afternoon in observance of Woman's Day at the University.

Exercises started with a recital in the chapel at 11:40 a. m. by Ellen Beach Yaw, accompanied by Miss Georgiella Lay.

College women gathered on the campus for the academic procession. Faculty and senior women wore caps and gowns, while freshmen, sophomore and junior women were clad in white.

PORTLAND CALLS TWO FIELDERS FOR TEAM

PORTLAND, Ore., May 1.—Transportation and instructions to report at once have been sent to George Maisel, outfielder in Baltimore, and to Don Rader, infielder, in Los Angeles, Walter McCredie, manager of the Portland Pacific Coast baseball team, announced last night. These men are expected to give the Portland team the necessary strength to become a winning combination.

3 VARSITY EIGHTS TO RACE AT OAKLAND

BERKELEY, May 1.—Varsity eights from the Universities of California, Washington and Stanford are holding themselves in readiness for the three-cornered regatta to be held at the Oakland estuary Saturday morning. This is the first intercollegiate regatta staged by the Pacific Coast conference since 1916.

Preliminary to the main event will be a freshman and second varsity crew one and one-half mile race.

JACK McAULIFF TO BOX

NEWARK, May 1.—Jack McAuliff, the only undefeated lightweight champion, who retired from the ring 22 years ago, will return to the ring tonight. He will meet Benny Leonard, present champion, in a boxing carnival for service men staged at Madison Square Garden by the Knights of Columbus. McAuliff was a secretary in France for the K. of C. service.

ROUND LEAGUE BASES

Home Run: Blue, Portland. Carl Crandall is scheduled to receive a package from Gimbel Brothers today. Crandall's error in the 12th inning is admitted to be the misplay that gave the Bees another victory over the Seals, 3 to 1.

A lucky eighth inning rally brought joy and five runs to the Tigers after Mails had held them scoreless for seven innings. Seattle got one run in the first.

One run in the second inning gave the Yippers just enough to down the Angels. Gardner, solon hurler, blanked the Seraphs in the run column.

Penner of the Beavers held the Oaks to three scattered hits. Blue's homer in the sixth with one man on base aided the Beavers in their 3 to 1 win over the Acorns.

Call Sutorium, 279, for first-class dry cleaning. "Johnny-on-the-spot" service. Fifth and Main.

NEW YORK JUDGE IS FRIEND OF BASEBALL

FRANCIS X. MCQUADE.

NEW YORK, May 1.—When Governor Smith of New York signed the Sunday baseball bill, Magistrate Francis X. McQuade, who also is treasurer of the New York Giants, received hundreds of telegrams of congratulations. It was a great personal victory.

For three years—before he was connected with the Giants—he had fought for the bill. It almost passed last year. The privilege of playing Sunday ball in New York is the biggest kind of a boost for baseball. It means many thousands of dollars to both leagues.

THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A1. Take GOLD MEDAL Haarlem Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work. Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules. They are made of the pure, original, imported Haarlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.—Adv.

TROUT SEASON OPENED THIS MORNING

Lured by promises of wonderful fishing, several local parties of anglers beat it for the trout streams for opening of the trout season in the Fourth district this morning. Many more parties are planning to try out the sport over the coming week-end.

Ben Warner, Nelson Edgar and Ernest Winbiger left yesterday noon for Idylwild, and Ed. Shoemaker, E. C. Frambes, and James O'Brien departed for some secret spot where they had a tip the speckled beauties were fat and many.

J. P. Fickas went to Bear creek. R. C. McMillan headed a party up the Santiago, and several went to Bear Lake, including A. J. McPadden, Chas. L. Davis, A. S. Ralph, H. J. Forgy, R. R. Handy, and Owen Handy. Mr. and Mrs. George Jeffrey of Irvine went to Morris' canyon in the San Juan Capistrano Hot Springs country. S. C. Cherry, H. B. Van Dien, and Victor Walker left at 4 this morning for the San Jacinto hills, near Hemet, expecting to try out the fly fishing this afternoon and tomorrow.

The fish and game commission was busy all winter planting the streams with millions of eggs and the lack of storms this year has made the trout more plentiful than ever before.

Wonderful Fishing

Those that went out a week ago to look over the ground report that wonderful fishing will be had in any of the following streams: San Gabriel, Deep Creek, Santa Ana, Strawberry Creek, Bear Creek, Little Mojave, Lytle Creek, San Antonio, San Dimas and the San Jacinto.

The laws set down by the California Fish and Game Commission declare that a man may fish from one hour before sunrise until one hour after sunset and that fifty fish, ten pounds and one fish or one fish weighing ten pounds comprise the limit for one day.

Silver Lake was also thrown open today for bass fishing. The limit on bass is twenty-five a day, the fish measuring not less than 7 inches. Any fish under this measure must be thrown back.

SCHAUEN, ANDERSON BOUT ENDS IN DRAW

PORTLAND, Ore., May 1.—The six-round battle between Johnny Schauen and Freddie Anderson proved to be the toughest event at the smoker of the Portland boxing commission last night. It ended in a draw.

Niel Zimmerman knocked George Thomas down four times and Referee Grant stopped the mill. Billy Emke, the St. Paul blacksmith, knocked out Billy George in the first. Stanley Willis stopped Freddie Lough in the third. Lee Johnson an alias Gorman staged a fine draw.

The scheduled headliner between Darny Frush and Weldon Wing was the poorest bout on the card. Frush won the decision.

PLANS FIGHT SERIES

SAN FRANCISCO, May 1.—Plans of Clay Hite, Seattle fist rompeter, to stage a series of cards between California and Northwest battlers came to light today through Hite's requesting local promoters to furnish him the services of K. O. Kruvosky, Spider Roach, Frankie Haynie, Charley Moy and Jos Coffey. Hite plans the show for a Seattle arena.

Watching the Score Board

Yesterday's Hero: Hy Myers. His home run accounted for three runs and enabled the Dodgers to quit with a twenty-inning tie in Philadelphia. Are Mehl almost broke the Giants' record of straight victories over the Braves. His success lasted until the tenth inning, when the New Yorkers won, 5 to 2.

The Yankees at last unlimbered and humiliated the Athletics, 5 to 3.

The Cardinals could score no runs with their four hits gleaned from Phil Douglas and the Cubs were victorious, 4 to 0.

Carl Wellman lasted long enough against Cleveland to allow them the winning run in the second inning.

Harry Hooper's four hits, one a double, played no small part in the Red Sox 6 to 1 triumph over the Senators.

The White Sox continued their march with a 9 to 7 win over Detroit.

GEO. GOTHARD HOME FROM ARMY SERVICE

WINTERSBURG AND SMELTZER, May 1.—Geo. Gothard received his discharge at Camp Kearny last Sunday and returned home the same day. He brought with him a number of souvenirs for the family, mostly of exquisite French hand embroidery.

Gothard enlisted in the cavalry April 9th, 1917 and was called to the colors in August of that year, being in Troop D, which trained at Camp Kearny and went overseas in July, 1918. Later he was transferred to headquarters troop of the 40th division with which he remained until his late discharge, having been in the service nineteen months.

The troop reached Los Angeles on Thursday and paraded there. Gothard was found by his cousins, Mr. and Mrs. Blake while in town that day and as he was off duty from 11:30 a. m. until 11:30 p. m. they brought him here and he in this manner found himself unexpectedly at home for a few hours several days in advance of when he expected.

BOLSHEVIK TAMERSBERLIN, May 1.—Americans who
have been sent on missions to Ger-
many to deal with prisoners or handle
food delivery have had their troubles
with the bolsheviks, and are becoming
experienced bolshevik tamers.Probably the most ticklish situa-
tion, or series of situations, for there
are new difficulties every hour, is at
the port of Danzig, where the Ameri-
cans are unloading foodships and
sending supplies into Poland. Danzig
is about seventy per cent German
and thirty per cent Poland. It has
been a center of trouble until every-
one is ready to bolshevik on the
slightest pretext.Threatening movements led the
Americans to distribute food among
the people of Danzig to keep them
quiet. The food did quiet unrest and
destroyed the desperate note in the
people's demands.To unload the ships, the Americans
hired Germans, and after the distribu-
tion of food, it was thought the honor
system might be used. It failed, and
stealing was rampant. Finally Ameri-
can sailor guards with arms, were
placed as overseers along the docks
and the Germans were examined as
they left the gates after the day's
work.Labor leaders soon began to pro-
voke strikes and troubles. Daily there
were new demands on the part of the
workmen.Equally trying has been the work at
the Russian prison camps scattered
over Germany. In all of them are
American officers and soldiers and
Red Cross workers getting the Rus-
sians in shape to go back home as
clean and healthy in body and mind
as possible. There has been hardly a
camp that has not had uprisings and
bolsheviks, and it has required more
than ordinary tact to win the Russians
to respect authority and keep orders.
In only one instance so far have the
Americans had to allow the German
guards to use weapons to quell a re-
volt.MAKE FOOD PRODUCTS

sells to the Virginia Fruit
Products company, a California cor-
poration, all its real and personal
property in the Cucamonga district,
which consists of 1000 acres of wine

Cucamonga, together with numerous
residences, barns, other buildings
and equipment.J. S. Perry, president of the Vir-
ginia Fruit Products company, whose
offices are in the First National Bank
building, Oakland, was Friday look-
ing over the property with L. A. Wel-
ler, who will be Mr. Perry's repre-
sentative there, with John Klusman,
who will assist Mr. Weller in the
agricultural end of the business.Asked as to what use he would
make of the wine grapes, he said:
"Tell the people that we shall use
them for food product purposes."CAPTAIN BRUNTON
AT IRVINE P. T. A.IRVINE, May 1.—The P. T. A.
meeting Tuesday was the largest
ever held here, about forty being
present. After the regular opening
Miss Lederman's little folks recited
several poems, as a class and indi-
vidually. Several songs were sung
by the class and then they had a
short interesting reading lesson.The contest of attendance of mothers
and other members was started.
Mrs. Bainbridge's and Miss Led-
erman's rooms were tie, so it was de-
cided that the large pennant of gold
and white should be placed in each
room for two weeks each.Captain Brunton, who made an ad-
dress, used as his subject, "Citi-
zenship." In part he said:"Why was it that more than thirty
per cent of our drafted men were
turned down? Why did seventy-five
per cent of the men in army camps
have improperly fitted shoes?""This is because the physical wel-
fare of these same men was not prop-
erly taken care of in the homes and
schools.""We are constantly learning new
and better ways for improving men-
tally, but are retarding our physical
development. Our play as well as
our work must be organized and
planned.""The soldiers learned the value of
games and play. The Allies saw the
need of co-operation to be able to
play successfully. They even went
so far as to employ our men to train
them in team work for play.""This work must be started in the
homes and carried all through school

Guarded Home Gives
Magnificent DinnersBERNE, May 1.—Details of the
home life of Russia's Bolshevik dicta-
tor or Lenine, are supplied by Russian
refugees who have escaped from Mos-
cow.According to this information, Len-
ine has taken possession of the Villa
Ostroumoff, on the Montagne des
Moureaux, which he has fortified to
withstand any attack, and which is
well-equipped with machine guns and
artillery. There he gives magnificent
dinners, entertainments, balls and
fetes. A military band is always in
attendance to amuse the dictator's
guests, and frequently he "commands"
the leading actresses and dancers to
give gratuitous performances to him-
self and friends.FORD OWNERS

OF GRAINS FAVOR

When the calf is in its second year
it should begin to receive grain,
when one month old it should
about half a pound a day. After
time the quantity of grain may
gradually increased, feeding all
the calf will eat until three pot
a day is reached, probably during
third month. Grain fed to supple-
separated milk should never be m
with the milk. It is question
whether the preparation of grain
any way, such as soaking or boil
is advisable under most circumstar
Wheat bran is eaten readily
physiological effect and to a g
extent may take the place of fat
from skim or separated m
Experiments tend to show that
fed to calves should be cracked ra
than finely ground. Ground oats
good in grain mixtures when availa
but in many cases cost much more
unit of feed than corn and bran.
following grain mixtures are re-
commended by dairy specialists of
United States Department of Agr
ture:

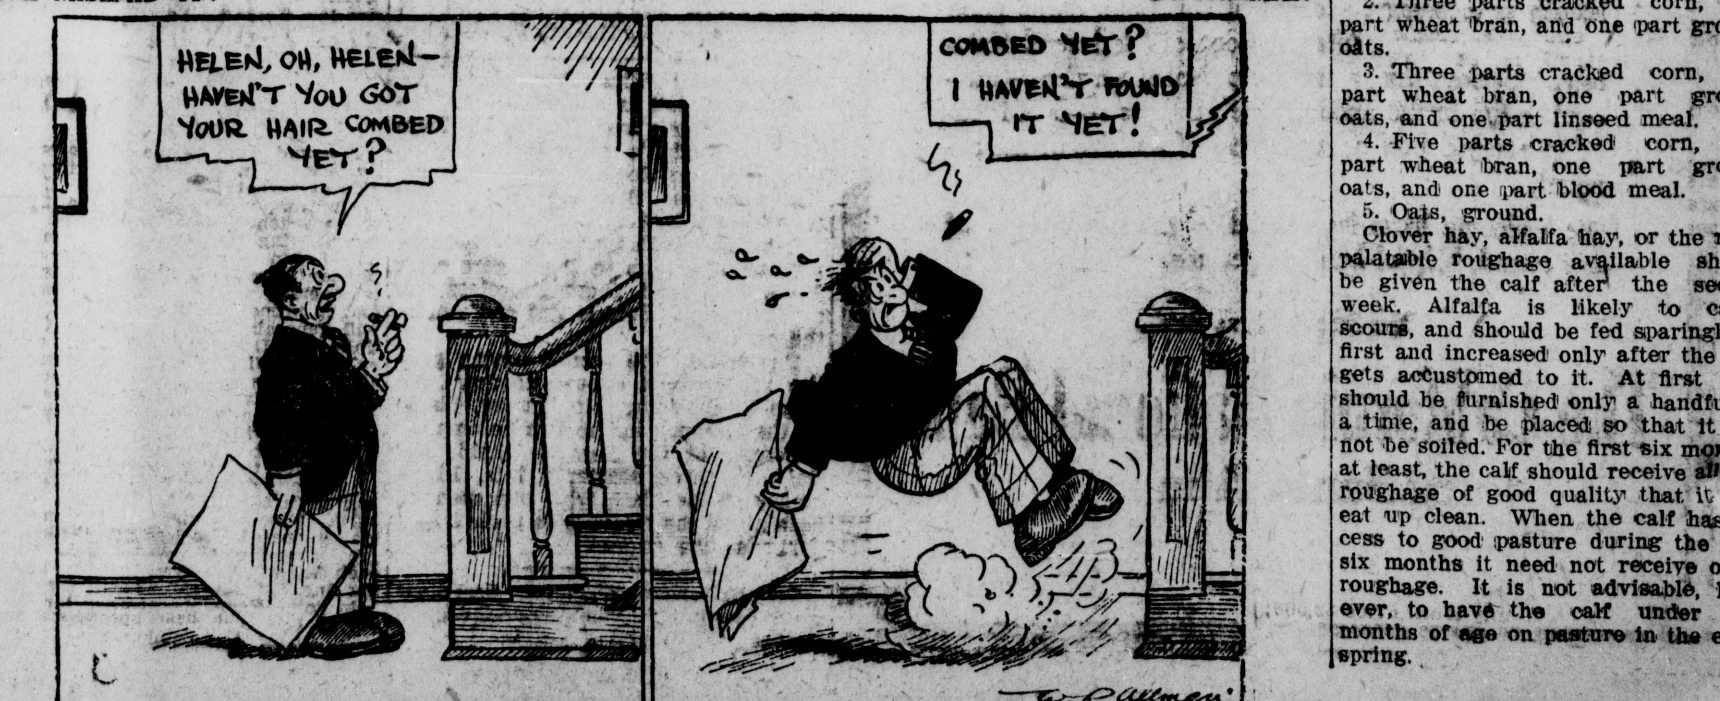

1. Three parts cracked corn
one part wheat bran.
2. Three parts cracked corn,
part wheat bran, and one part gro
oats.
3. Three parts cracked corn,
part wheat bran, one part gro
oats, and one part linseed meal.
4. Five parts cracked corn,
part wheat bran, one part gro
oats, and one part blood meal.
5. Oats, ground.

Clover hay, alfalfa hay, or the p
palatable roughage available sh
be given the calf after the sec
week. Alfalfa is likely to c
scouts, and should be fed sparingl
first and increased only after the
gets accustomed to it. At first
should be furnished only a handfu
a time, and be placed so that it
not be soiled. For the first six mo
at least, the calf should receive al
roughage of good quality that it
eat up clean. When the calf has
cess to good pasture during the
six months it need not receive o
roughage. It is not advisable, e
ver, to have the calf under m
months of age on pasture in the
spring.

Many of Olive's Soldiers Get Back to Their Homes

George McCoy Says Weather In Siberia Severe But Warmer Days Coming; Gives Good Description of Inspection by General Pershing

OLIVE, Cal., May 1.—Olive service boys are coming home, one by one, almost the full quota having returned. Earl Elson and Harold Watson returned with the 160th Infantry. Albert Wischnack, who was a wagoner with the 364th Infantry, arrived at his home Saturday evening after receiving his discharge that day at Camp Kearny. Ralph Danker drove to Camp Kearny to bring back his brother Ernest of Anaheim, and Albert, the two boys having been together throughout their period of service.

Albert was in the first draft contingent and had not seen any of his people since he left for Camp Lewis twenty months ago, until his arrival at Los Angeles, when his brother and father went there to greet him.

Jake Timken received his discharge from the 363rd Infantry at San Francisco and arrived home Sunday afternoon. He planned a nice little surprise for his young bride by coming to Anaheim unannounced and telephoning his sister, Mrs. Robt. Paulus, who, with Mr. Paulus, drove there after him. On arrival at the Paulus home, Mrs. Paulus telephoned Mrs. Timken to come over there and a joyful reunion followed.

Otto Guenther is on his way home. His parents expect him in a few days.

Two Boys Overseas

Henry Timken and George McCoy are still overseas with no immediate prospect of early return. Henry is in Siberia and writes his sister, Mrs. Robt. Paulus, that the weather is severely cold and he is longing for home and sunny California, but sees no prospect of early return because of the ice and snow.

George McCoy is stationed at Givres, France, in the intermediate supply depot of the S. O. S. A letter from him, dated April 3, says he doesn't think he will leave there before August. In his letter he writes:

"Never mind, mother; think how much nicer two service stripes will look on my sleeve than one. One looks lonesome so I think I will stay until August and get another one. I will come home the same as I left, rather late and with no fuss. Those welcomes for returned soldiers will all be over and forgotten when I come trailing home late in the summer or fall. Comfort yourself with the thought that the worst is over. Summer is approaching, with nice weather lessening the danger of sickness. The work is slackening up right along and I have the best job I have had since I have been over here.

"The eats are good, considering, and I can now buy sweets as I never could before over here. We have a commissary right near the company quarters. Add to that the fact that I am in perfect health. For amusements I am seeing four picture shows per week, some good boxing every Tuesday

night, and some good vaudeville on Friday nights. I have been attending church at the 'Y' on Sunday mornings, and have access to a good library with late magazines. Of course they can't give me enough to make it as good as home, but I am in little danger of anything except homesickness.

"Think what the boys at the front had to contend with. I am glad to stay here and finish up our work and let them go home first. They deserve it. My homecoming will be all the better when it does come."

Describes Gen. Pershing

In another recent letter George gives a splendid description of the inspection by General Pershing, which perhaps would interest others. It reads as follows:

"There is not much to tell about the review by General Pershing. We all went out on a big field, dressed in our very best. After we were all lined up the general arrived and went up and down the long lines. Of course it would be impossible to give each individual a close inspection, but a man of Pershing's long experience could receive an idea of a company, as a whole, in a few moments.

"The general is an elderly man and you would expect him to be a trifle slow in his movements, but such is not the case. He strode up and down the lines with such a quick, brisk step that it almost kept the officers accompanying him, on the run to keep pace with him. Just as he passed me he had to cross a considerable mud puddle. He sprang across it without a pause, and with the ease and grace of an athlete of 25.

"He is a big man, and a model of strength and manliness; broad of shoulder, light of step, and as straight as an arrow.

"After the inspection, we broke ranks and gathered close around a little stand to hear him talk. General Pershing mounted the stand with only the Post Commander in attendance. Without ceremony or introduction of any kind, he surveyed us a moment in silence, then began to speak. This was the time we had opportunity to study his face. I find him hard to describe here. He looks very much like his pictures but the mustache is not so conspicuous.

"He certainly has a very strong character-speaking face, if not a handsome one. As an orator he is not impressive. His voice is not the voice of the public speaker, and he has none of the tricks of oratory of that class. His language was plain and simple but very sincere and to the point.

"Our colonel tells us that our company was about the only one that escaped criticism. He tells us that the general even complimented us, which is something he seldom does. We are very proud of ourselves and our record."

CITRUS INSTITUTE TO BE PERMANENT

Dr. H. J. Webber of Experiment Station Is Made Its President

SAN BERNARDINO, May 1.—California Citrus Institute was organized at a meeting of the citrus institute during the recent orange show to consider a permanent organization. Officers were named as follows:

President—Dr. H. J. Webber of Riverside; Vice President, R. O. Price of Upland; Secretary, F. M. Renfro of San Bernardino; Treasurer, W. H. Fleet of Sepe; Membership Committee, W. H. Fleet of Sepe; J. G. McBeth of Riverside; C. N. Burton of Pomona; depository for funds, San Bernardino National Bank.

Dr. Webber presented a draft of by-laws which were tentatively adopted for use until approved at the next convention at the orange show next February.

Anyone interested in the practical and scientific development of the citrus industry will be eligible to membership, the dues to be \$5 per year, said amount to include a copy of the annual report and full proceedings of the convention. It was decided to publish the report of the last institute along with that for February, 1920, unless arrangements are made for publication before.

It is desired to make the organization as democratic as possible and conduct the institutes as open forums where everyone interested in any way in the industry may have an opportunity to present and discuss problems confronting him.

Members of the committee present included Dr. H. J. Webber of Riverside, W. H. Fleet of Sepe, J. B. McBeth of Riverside, H. R. Yerxa of Redlands, C. N. Burton of Pomona, W. G. Frazier of Riverside and R. O. Price of Upland. Secretary Renfro and others of the orange show committee conferred with them.

Members of the committees were unanimous and enthusiastic for making the citrus institute a permanent feature in connection with the orange show each year.

WINTERSBURG AND SMELTZER

WINTERSBURG AND SMELTZER, May 1.—A delightful social afternoon was spent by members of the Sunrise Lodge of Royal Neighbors, Friday, with Mrs. A. Stefanzi as the genial hostess. The home was prettily decorated in purple and white, the lodge colors, and a delicious collation of ice cream and cake was served the guests during the afternoon. The majority of the lodge members were present and the names of several prospective new members were announced that day.

J. A. Murdy has under construction a five-room dwelling house on his ranch at Smeltzer.

S. G. Burgess has been decidedly under the weather the past week.

John Kettler was able to be up last Thursday for the first time, following a two-weeks' severe illness of influenza.

Mrs. F. L. Draper, who has been very ill the past two weeks with influenza, is not yet able to be up. Her daughters, Misses Bessie and Flossie, who have also been ill, are now fully recovered.

Miss Mary Crane, who has been suffering from the influenza, fully expected to return Monday morning to school but decided at the last minute to wait until her strength was fully recovered.

Lieutenant Elmer L. Worthy is expected in the latter part of this week, the 362nd leaving New York last Saturday for Camp Kearny, where the regiment will be demobilized.

W. G. Alford, who was convalescing from a severe attack of la grippe, took a relapse Saturday and returned to bed. He was taken with severe pleural pains.

On Saturday evening Mr. and Mrs. J. R. Morgan, accompanied by Mrs. John Nankervis of Westminster, attended the social time held at the I. O. O. F. hall, which was given as a fitting ending to round out the day of pleasure, a picnic at the Orange County Park having preceded it. The local party had also planned to attend the picnic but changed the plans on account of the inclement weather.

Mrs. A. H. Moore received the glad tidings Thursday last of the arrival of her son, Ray Shafer, in New York, the telegram having been sent immediately upon his arrival. Shafer was still at a hospital in France when heard from previously.

Mrs. D. D. Dundas of Arlington will give an illustrated missionary lecture at the Wintersburg Methodist church, May 7, one week from Wednesday evening. Mrs. Dundas, who is well known here, being the wife of a former pastor of the local church, was engaged to lecture here a few weeks ago, but unforeseen circumstances prevented and it was postponed at that time to an indefinite date, word of the present arrangement just having been received here.

Miss Frances Blaylock sat up for a short while Monday, this being the first time since she contracted the influenza two weeks ago.

Wallace Blaylock was ill for several days the past week, but not with the influenza, and is all right again.

Rev. C. M. Ross' arrangements for next Sunday's services are as follows: The topic for the 11 o'clock service will be "Prayer for the Kingdom." The evening service will be devoted to an illustrated lecture, the subject of which will be "China." Rev. Ross is giving a series of these lectures in connection with the centenary work, that given last Sunday evening being on "India," sixty-two views accompanying the lecture. The stereopticon lantern with the slides, which are exceptionally good, were procured by the pastor through the "Missionary Educational Movement" of Los Angeles.

Miss Mattie Shonley of Huntington Beach was the guest Saturday night and Sunday of Miss Ethel Morgan.

WINS DIVORCE CASE, LAWYER GIVEN KISS

LOS ANGELES, May 1.—It was a resounding kiss; a smack that echoed down the court house corridors. Attorney George W. Crouch was the recipient. Mrs. A. C. Corson of Pasadena was the giver.

Crouch had just obtained a decree of divorce for Ethel Mae White from Robert C. White in Judge Call's court. The divorce was the climax of a runaway marriage. The young wife claimed her husband did not treat her right.

As the party left the court room, Mrs. Corson, the mother of Mrs. White, rushed up to Crouch and said: "You dear boy," and smack went the kiss. Crouch blushed.

QUESTIONS RIGHT OF COUNCIL ORDER CHECK AT SPECIAL MEETING

Authority of the City Council of Orange to authorize the city clerk to draw a warrant on the city treasury at a special meeting is to be tested in the courts under a resolution passed at a meeting of the City Council yesterday directing City Attorney Garrett to institute suit against City Treasurer Clement to compel him to honor a warrant drawn in payment for the city hall site recently purchased.

The warrant is for \$3150. Clement refuses to recognize the warrant on the ground that it was authorized at a special instead of a regular meeting. He is supported by an opinion from Attorney Head of Santa Ana.

City Attorney Garrett holds that the procedure was legal in every respect, and that the warrant should be honored.

The city bought three lots at the corner of Center and Chapman, two from George Shaffer and one from Harold Bronson, for a city hall site. The warrant was drawn in favor of the Orange County Title company of this city.

INITIAL STEPS TAKEN FOR FLOOD CHANNEL

LOS ANGELES, May 1.—Initial steps in preparing a flood control channel at Long Beach, were taken this week when the Board of Supervisors adopted a resolution calling for the sale of a number of buildings in the beach city. The property will be auctioned, beginning May 20 at 10 o'clock. By the resolution, two factories, eight small shops, two apartments, eight bungalows, one grocery store and one oil plant will be sold.

APRIL CLOSURES WITH RUSH IN BUILDING

With two permits for new bungalows taken out Wednesday, April closed in prospect for today, April closed with a slight boom in building operations. Public warning by Building Inspector Ash that permits must be secured for every kind of new work has resulted in a rush at his office the past two days and many permits have been issued for little jobs costing around \$20.

Sadie McConaughty is building a six-room residence at 305 South Birch to cost \$2400, with Chas. Leak as contractor.

M. R. Heninger is building a five-room bungalow and garage at 809 South Birch to cost \$3500. Elliott Bros. are the contractors. A combination music room and garage is to be erected at 816 North

Main street by Mrs. Clarence Gustlin, to cost \$825. The lower floor will be used as a garage and the upper as a music room. A. C. Black is the contractor.

LEAGUE'S SECRETARY TO GET \$25,000 YEAR

PARIS, May 1.—The salary of Sir Eric Drummond, secretary of the League of Nations, is to be \$25,000 yearly, with a similar amount for the expenses of the office, including the clerical staff, according to the representative of Reuters, Limited, in Paris.
